

THE VERNON RECORD

Semi-Weekly—Tuesdays and Fridays

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, TUESDAY, SEPT. 20, 1921.

NUMBER 72

OCTOBER 29 SET AS DATE FOR ROAD BOND ELECTION

Commissioners Court Issues Proclamation Saturday Setting Forth Project In Detail—Recommend Adoption At This Time—No Increase In Tax Levy For This Year.

County Commissioners Saturday set the date for the proposed \$600,000 road bond issue election for Saturday, October 29, and have issued a proclamation concerning the event and setting forth their views on the entire proposition. The proclamation furthermore specifies in detail the manner in which the money will be spent, and ends conclusively the arguments which have been rife over the county in this regard.

One specific statement made is to the effect that no tax levy will be made for this purpose during the year 1921. This has been one big objection to the proposition on the part of many taxpayers. In answer to the charge made that the bonds will not bring par value county officials offer the assurance that they will bring 90 cents on the dollar if sold tomorrow.

Following is the proclamation issued by the commissioners' court and signed Order of Election

To whom it may concern:—
“The Commissioners Court of Wilbarger County, Texas, has today ordered an election for an issue of County Road Bonds, in sum of \$600,000, \$94,500.00 of which is to purchase district roads in Road Precinct No. One, and \$505,500.00 for further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof throughout said county and said Court proposes to construct concrete or other hard surface roads including necessary drainage structure, 2 miles further towards Oklahoma; 2.3 miles from city limits on and with Wilbarger street to S. W. corner of Fair grounds thence northwest to Pease River Bridge, 1-2 mile from north end of said Bridge on Highway toward Chillicothe; 1.7 miles South from city limits to Paradise Creek on road to Seymour; 1.7 miles north from city limits to lower Pease river bridge and one half mile from north end of said bridge to top of hill on road to Fargo or purposes to further extend the concrete or other hard surface paving toward Oklahoma and Chillicothe in near equal distances, as far as funds will be available, including Federal and State Aid, after setting aside \$200,000.00 for construction and maintenance of roads and drainage structures throughout the county, to be divided \$50,000.00 to each commissioner precinct to be spent under the discretion and direction of the Commissioner of the respective precincts subject to the approval of the Commissioners' Court.

“We think this is a reasonable proposition and are willing to recommend its adoption at this time, for among other reasons we do not have money to do the necessary work, but leave it to the judgment of those entitled to vote at said election.

“To pay off said bonds issue in 25 years in the event it should carry, I will increase the County Tax Rate about 35 cents on the \$100.00 valuation to begin with, on present assessment, but no Tax Levy will be made or have to be paid for the year 1921.

BEGINS VOCATIONAL TRAINING

Robert January Goes To Arlington To Take Advantage Of Year's Scholarship

Robert January, son of Mr. and Mrs. R. A. January of the Paulk Hill District, left Saturday night for Arlington where he will attend Grubbs Vocational School. The lad will spend a year in that institution by virtue of having won a scholarship last year by producing the largest yield of grain sorghum of any club boy in the State.

The fortunate boy is well known in the county, and has taken a prominent part in club activities for some time.

HUNDREDS AID IN SEARCH FOR WOMAN WHO HAS VANISHED

Mrs. G. C. Hill, Wife of Local Contractor, Has Not Been Home Since Yesterday Morning—Is Suffering From Wound On Head—Parties Drag Near-by Bodies of Water.

Searching parties comprising several hundred men are scouring Vernon and vicinity for some trace of Mrs. G. C. Hill, wife of a local contractor, who has not been seen by relatives or close friends since she left her home yesterday morning about ten o'clock. Mrs. Hill's action is credited to a shock she received a week ago while attending the funeral of J. A. Baker.

At that time, in company with a friend, Mrs. C. A. Krossenberg, Mrs. Hill drove to the cemetery in Mrs. Krossenberg's car. Endeavoring to avoid a wagon near the entrance, Mrs. Krossenberg was obliged to drive into a ditch and the force of the impact jolted both occupants of the car severely.

Has Been Nervous.

Since that time she has been extremely nervous, and has complained often of headache. Yesterday morning she left her two little boys in the keeping of her sister and was seen by acquaintances in the business section of the city. She is said to have been in the Wide-A-Wake store where she made a purchase of a hair net.

Stories concerning her late whereabouts are somewhat conflicting. She is said to have passed by the Bennett and Rogers Filling Station during the morning, and Perkins Craig, an employee of the Kell Mill, saw her near the Frisco round house soon after ten o'clock. A report has reached the family that Mrs. Hill was seen by a little girl about three o'clock in the afternoon to get into a cotton wagon near the Frisco tracks. She is said to have been without a hat when she was seen.

Was In Drug Store

According to Harry Simons, pharmacist with Baker Bros. Drug Store, Mrs. Hill came into that establishment shortly after 3 o'clock in the afternoon yesterday and made a somewhat purchase of five or ten cents for which she paid for with a check of one dollar. This report has confused the searchers who have been inclined to the theory that her disappearance has been somewhere west of town.

Mr. Hill was busy at Oklahoma Monday, and was unaware of his wife's absence until his return in the evening. A search was at once begun and has been relentlessly pursued since. Plans are under way to drag the river and all bodies of water in the vicinity of Vernon. More searchers are being continually added to the quota, and every clue is being hard pressed.

Mrs. Hill is described as being heavy set, weighing about 160 pounds, and not very tall. She has brown, curly hair and blue eyes and is 27 years old. At the time of her disappearance Mrs. Hill was dressed in a brown jumpsuit suit and had on a pongee silk waist. She wore a little, striped hat and brown veil, brown hose and low quarters with military heels.

Call Mass Meeting.

A mass meeting of Vernon citizens was called this afternoon at 1:30 for the purpose of organizing the search for Mrs. Hill. Those aiding in looking for the lost woman were given details of her disappearance, and informed that if she were found four blasts will be sounded on the fire siren.

It has been absolutely established that Mrs. Hill was seen in Vernon going West on the Frisco tracks in the morning. P. L. Brown, a painter, who knows Mrs. Hill well, saw her at the postoffice at 1 o'clock yesterday afternoon, he says, and chatted a few moments with her. At that time she was in a Ford truck with another woman and several children.

Miss Eilman Returns

Miss Rose Eilman, Wilbarger county Public Health Nurse, returned to Vernon Friday morning from a months vacation trip to California. She visited relatives and friends in Los Angeles, Santa Anna and San Francisco, and returned by way of Salt Lake City and Colorado Springs where she stopped for brief visits.

AMUNDSEN PREPARING FOR SEVEN-YEAR EXPEDITION

Captain Roald Amundsen, the famous explorer, has arrived in the waters off Seattle, Washington, in his exploring ship Maud, to be fitted up for a new dash to the North Pole. After having her propellers replaced the ship was loaded up with provisions and material for his next expedition, which Captain Amundsen and his expected would take about seven years. The illustration shows the good ship Maud and Captain Amundsen, with his adopted child, Oskonta, who is the youngest of two Eskimo children that he adopted during his last trip North. Above are six members of the Eskimo crew who came back from the North on the explorer's last trip and who will accompany him on his new quest. It was the first time they sailed from the Arctic waters, and they still stick to their furs.

BOOM SWINDLER GETS TWO YEARS

R. E. PENDERGAST PLEAD OWN CASE BUT WAS UNABLE TO CONVINCE JURY

Two years in the penitentiary was the sentence meted out yesterday in district court to R. E. Pendergast who was tried on a charge of swindling. The jury was out only a short time in the afternoon.

Trial of the case consumed all morning, and Pendergast plead his own case. It is alleged that he obtained \$1200 from the First Guaranty State Bank in April, 1920, giving fictitious property as his security. Pendergast is said to have claimed that he owned a barber outfit in Wichita Falls.

Lee Wright, a negro, was given two years in the penitentiary in the afternoon after pleading guilty to a charge of burglarizing Mason Bros. store in Fargo May 14 last. The jury deliberated only a short time on Wright's case.

SAYS BONDS WILL HAVE TO VOTED AGAIN IN 10 YEARS.

W. D. Thornton of Tolbert is against the \$600,000 bond issue for better roads on the grounds that the same amount will have to be spent again in ten years for the same purpose. He regards concrete pavement as unsatisfactory in view of the fact that some of Vernon's paved streets are showing signs of wear.

Another ground for objection on Mr. Thornton's part is the contention that the movement is for the benefit of Vernon. He does not think the entire county will be aided proportionally.

Fire Damages Cotton Bales.

Fire about 3:30 Sunday afternoon damaged two bales of cotton in the local cotton yard. The fire was confined to the inside of both bales and is supposed to have been in the cotton when it was stored late Saturday afternoon. The blaze was extinguished by the department. A negro farmer living west of town was owner of the cotton.

MISS ROWLAND WEDS BURKBURNETT MAN

DAUGHTER OF PROMINENT FARMER BECOMES BRIDE OF LUMBER DEALER

Miss Allene Rowland, daughter of Mr. and Mrs. J. S. Rowland of this county, became the bride Sunday morning of Frank Wardle of Burkburnett. The couple were married at the home of the bride's sister, Mrs. Porter Crow Stinnett on E. Wilbarger street, and Rev. W. T. Rouse performed the ceremony.

Mrs. Wardle has been employed for more than a year ago at the First Guaranty State Bank. Her father, J. S. Rowland, is a well-known farmer living north of town. She received her education in Vernon, and graduated in both the literary and commercial courses at Holcomb Training School.

Wardle Lived Here.

Frank Wardle is from Patterson, N. J., and was employed in the First Guaranty State Bank here more than a year ago. From here he went to Burkburnett, and is now in that city connected with the W. E. Thomas Lumber Co.

The couple left after the ceremony for Burkburnett where they will make their home.

STUDENTS DELAYED IN LEAVING BY LATE TRAIN.

Numbers of Vernon students, scheduled to leave for their respective schools Sunday night, were obliged to wait until 6:45 Monday morning before they could depart. A delay on the Denver road brought the midnight through here almost six hours late.

Those who left for their destinations were the following: Miss Dorothy Hicks and Mozelle Parker, Ward-Belmont College; Misses Birdie Hiatt, Maudie Ladd, and Jewel Nowlin, T. C. U.; Miss Doris Boger, Crescent College; Carl Robertson, Dixie Boger, and A. M. Hiatt, Jr., Texas A. and M. College; Damon Shive, Ferrell Military School.

WILBARGER BUTTER WANTED AT FAIR

PRIZES IN THIS DEPARTMENT UNUSUALLY LIBERAL—MUST SHIP SOON.

Residents of Wilbarger county are urged by the home demonstration agent to submit butter for the Dallas Fair this year as prizes in this department are unusually liberal. For five one-pound prints there will be the following prize awards—\$20, \$15, \$12, \$8, \$6, and \$4. For one-pound print they will be—\$15, \$12, \$8, \$6, \$4.

Those owning a herd from six to ten cows or more are asked to submit five specimens, and those having fewer animals may send in one sample. After the fair butter will be sold to the highest bidder, and the money given to the exhibitor. There will be a premium for the county winning the largest amount of prize money.

The butter must be well wrapped and not packed with other articles. The products should be shipped prepaid express to the Dairy Department, Texas State Fair, Dallas, Texas.

SEES NO OBJECT IN OPPOS- ING BOND ON EAST SIDE.

There will be no opposition to the proposed \$600,000 bond issue on the east side if the taxpayers in road district number one stop to consider the proposition, in the opinion of W. A. Larimore, who lives on E. Wilbarger street. Mr. Larimore points out that those in that district are now paying forty cents on the \$100 valuation, whereas, if the issue is voted, the rate of thirty-five cents will be county wide. "I can't see why anyone would be against it if they live in my district," says Mr. Larimore, "they'll have the better roads and lower taxes, too."

Called Meeting For Rebekahs.

There will be a called meeting of the Rebekah Lodge Wednesday evening at 7:45 for the purpose of initiating candidates. The session will be conducted in the Odd Fellows Hall, and a team from Electra will be here to put on the work.

STOCK OFFERED FOR SALE TO BUILD NEW BRIDGE OVER RED RIVER AND ENCOURAGE TRAVEL NORTH AND SOUTH

Structure One That Has Been Urged For Several Years—Will Be Constructed Northeast of Odell—Proposition Receives Hearty Commendation of Altus and Vernon Chambers of Commerce—Will Open Trade Territory.

A toll bridge, approximately 4,000 feet long and twelve feet wide, will be constructed over Red river northeast of Odell by Peck and Hickernell, promoters, who are now offering for sale stock in the proposition. The structure will be capitalized for \$75,000, \$5,000 of which will be held as treasury stock and used in case of a wash out or emergency of any kind. The remainder of the fund will be devoted to the construction of the bridge.

The bridge will connect Texas trade territory with Oklahoma at Altus, has been enthusiastically endorsed by the chamber of commerce in that city which also agreed to furnish a charter for its construction over the Red river. Vernon's Chamber of Commerce, after careful investigation, has lent its support to the proposition and will back the project locally. Following is the endorsement of the commercial body.

Local Body Endorses

The Chamber of Commerce of Vernon, Texas, does hereby certify that it has carefully examined into the proposed bridge across Red river, the same to be located at the point northeast of Odell, just east of the railroad bridge over said river, the construction of which is to be made by Messrs. Peck and Hickernell, of Vernon, Texas.

We feel that its construction will be of material benefit to all citizens of Wilbarger County; that the plan proposed by Messrs. Peck and Hickernell is fair and equitable to all parties, and believe that said Messrs. Peck and Hickernell will faithfully carry out their contract for construction.

Messrs. Peck and Hickernell will furnish a bond in the sum of \$25,000, to guarantee to all subscribers of the stock for the repayment to them of 85 per cent of all stock sales in case the said bridge is not erected.

Can Buy Stock Now

Stock can be bought immediately in the proposed bridge, and residents of Vernon, Odell, Altus, Okla., and Elmer, Okla., are expected to become ready investors. Subscriptions, however, will be welcomed from the entire territory nearby.

The bridge when constructed will fill a pressing need felt for many years. The same proposition has been agitated at length at various times, but thus far no definite action has taken place. The structure is expected to link up nearly towns with the great bulk of travel going north and south, and in the opinion of A. P. Peck, one of the promoters, it will only be a short while before traffic in these directions out-rides that going east and west over the far famed Colorado-to-Gulf highway.

Connects North and South

An excellent highway is said to connect Kansas City, Mo., and neighboring points with Oklahoma City, and at present it is necessary for tourists over this route to cross the Red river between Childress and Wellington. A bridge over the stream at Altus will obviate this detour, and encourage direct travel through Vernon to Seymour and thence to points south.

Residents of Baylor county have thus far negotiated to bring to Seymour a highway connecting that city with San Antonio and points in southern Texas, but the project has received little encouragement due to the fact that tourists cannot continue in a northerly line after reaching the Red river. It is as asserted further, that the Oklahoma State Highway has been designated as far as Elmer, and a bridge is expected to open up an immense amount of travel from Missouri, Kansas, and Oklahoma territory straight to the Gulf.

Will Encourage Trade.

At present communication by conveyance between Altus and surrounding points and Vernon is particularly arduous as it is necessary in most cases to make a wide detour to reach either destination. The Red river provides a treacherous crossing, and as a result there has been a minimum of co-operation and inter-relationship between these towns. It is expected that a new

bridge will open up a considerable trade territory for all neighboring communities.

The promoters of the project, A. P. Peck and J. C. Hickernell, expect to sell the entire stock within thirty days. The new bridge will have floors and stringers of long leaf yellow pine, ninety per cent heart, and piling of the same material. The latter will be driven through the sand to the hard pan. The structure will also be provided with a hand rail and two turnouts.

STOKES TENDERED FIRST ASSISTANT ATTY-GENERAL

Local Attorney Offered One Of Choicest Offices Governor Can Fill—Has Gone To Austin To Confer With Neff—Represents State In Criminal Court Of Appeals.

W. N. Stokes, law partner in the firm of Berry, Stokes, and Killough has gone to Austin where he will confer with Governor Neff on accepting the place of first assistant attorney-general of Texas, tendered him last week by the chief executive. Mr. Stokes has not determined whether or not he will assume the duties of the important office which will necessitate his removal to Austin and require his complete attention.

First assistant to the attorney-general is considered one of the best offices the governor has to offer, and it comes to the local attorney entirely without solicitation. The entire work of the place is in the Criminal Court of Appeals, where the assistant has exclusive jurisdiction. He reviews the evidence which is submitted, and represents the State in all cases brought into court.

With Present Firm 12 Years.

Mr. Stokes is one of the most prominent lawyers in Vernon, and is well-known all over this section of the State. He has lived in Vernon nearly twenty years, and is a native of Mississippi. Mr. Stokes has been associated with the law firm of Berry, Stokes and Killough for twelve years.

The major part of the local attorney's law practice has been with the firm of which he is now a member. He has also served two separate terms as county attorney, and has been city attorney as well.

His parents reside in Texarkana where his father is a Baptist minister.

FAMILY AFFAIRS ARE THE CAUSE OF SHOOTING.

J. J. Davenport of this city was shot in the left arm and neck yesterday about ten o'clock by J. T. Martin after the two had engaged in an altercation over family affairs. The shooting took place at the first house north of the ice house, and the wound was inflicted with shot issuing from a double barreled shot gun.

Davenport was not seriously injured, and is able to be out. Martin was arrested following the shooting and is under \$1,500 bond on a charge of assault with intent of murder.

The grand jury has not acted as yet in the case.

To Hold Rally.

A missionary rally will be held at the Central Christian Church tomorrow afternoon at 5:30 o'clock at which time Dr. Royal Dye, Medical missionary from Africa, will be present. Supper will be served and a night service will follow. At the latter Dr. Dye will give a lecture illustrated with stereopticon slides made from pictures which he took while on the Congo. All are invited to both meetings.

SOME LAND BARGAINS

640 acres of good land located near Harrold, with the
greater part level agricultural land, about half in farm,
sacrifice price \$37.50 per acre.

Section near Chillicothe, on Wanderer creek, well wa-
tered, good improvements most all tillable land, a bar-
gain for the man who is able to buy it. Price \$45.00
per acre.

200 acres in Farmers Valley, all in cultivation, two sets
of improvements, best of sandy land. Price \$75.00 per
acre.

170 acres Southwest of Vernon, all in cultivation, good
improvements, sandy land, a bargain at \$75.00 per acre.

Section near Oklaunion, most all in cultivation, one of
the best sections in that part of the country, priced at
half what it is really worth. If interested, will make
price.

62 1-2x160 foot lot on paved street, well located, a bar-
gain for some one who wants to build a nice home.
Priced right, I own it.

I also have some of the best of the Rio Grande Valley
lands around Mission and McAllen to offer at attractive
prices. This is the future competitor of California in
all kinds of citrus fruits.

GO TO THEATRE

(At More's Theater)

Today, "Too Wise Wives."
The play tells the story of a wife who
risked her husband's faith in her in
order to win back an old sweetheart
who had happily married. Two kinds
of wives are contrasted: The one who
does everything she knows will please
her husband, and the one who does the
things she thinks should please him.
One fails where the other succeeds,
and the one who fails is the faithless
wife.

Wednesday, Carmel Myers in
"Cheated Love."

Sonya was a Russian maiden who
had come to this country unwillingly
because she had been forced to leave
behind the Misha, to whom she had
given her love. She became a cog in
the great wheels of American industry
and David, the settlement worker, be-
came interested in her, and later more
than just interested. When Misha
finally came to this country, with the
help of Sonya's hard earned savings,
he found a rival, and one with whom
he did not compare favorably in the
eyes of his sweetheart. When the time
came for her to decide between them
she found it impossible to forego the
unselfish love of David for the selfish
love of her countryman.

Thursday, Viola Dana in "Home
Stuff."

The star has the role of Midge Joy,
a cheap road shoe girl who comes to
"the end of her row" in a little coun-
try village. Chance puts in her way
both the refuge of a cozy farm and the
love of a farmer boy. Then fate enters,
and brings back an old acquaintance of
hers, Susane Deep, a stage street girl
who has fled from the very home in
which her was adopted. More compli-
cations and thrills ensue.

At The Pictorium

Today, Constance Talmadge in "A
Temperamental Wife."

Wednesday, Eugene O'Brien in "The
Last Door."

"The picture tells the story of the
"Magnet," a notorious thief whom the
police have constantly pursued but
never caught. He is a thorough gentle-
man, famous for his chivalry and op-
erates entirely for the sake of adventure.
He continues his perilous practice
until suddenly the gravity of his of-
fenses is thrust upon him by the girl he
loves, and he realizes he cannot be
permanently happy with her until he
ceases to be an enemy of the law.

Thursday, Wanda Hawley in "The
House That Jazz Built."

All was not going well in the Rodham
household. It begins to be evident
when the first kewpie found its way in.
And when the young Mrs. Rodham
began lying abed until noon, and the
living room began to look like a cabaret,
there was no longer any doubt of it.
Jazz had Cora in its clutches and when
Jazz enters by the door love flies out
at the window, this young couple dis-
covered. You may be sure of a hearty
laugh over the doings of these newly-
weds.

Your picture will look much better
framed in one of our bargain frames
at half price. Kramer Studio. 2tc

Huddleston, and Miss Vera Huddleston
left Monday for Abilene to enter Abi-
lene Christian College.

DRESSEL IS MENTIONED
AS ENVOY TO GERMANY

Loring Dressel, American Commis-
sioner at Berlin, is the latest to be
mentioned for the post of Ambassador
to Germany when diplomatic relations
between the two countries are resum-
ed. During the difficult period when
it was thought necessary to look after
American interests in the German cap-
ital, at a time when America was
neither at peace nor war with that
country, Mr. Dressel worked hard for
America's interests.

THIS GIRL WILL "SELL" SELF TO GET EDUCATION

The yearning of this attractive
twenty-year-old Chicago girl for an
education has caused her to offer her-
self "for sale" in marriage for \$3000.
The offer comes as a climax to a fin-
tle struggle to raise money in other
ways. She tried clerking, bookkeeping,
salesmanship and nursing. After care-
ful calculation of the expenses of a
course through college, Miss Peterson
"priced" herself at \$3000. She pro-
fers a tall husband and states she will
marry at once if necessary, but would
rather wait until she had graduated
from college.

WRITES PARENTS OF TERRIBLE WOE IN SAN ANTONIO

Louis Heinemeier In Midst Of Rushing Waters in Stricken City—Rescues Three Women and Six Children From Flood—Barely Escapes From Room Before River Sweeps In.

Those who possessed relatives or friends residing in the vicinity of San Antonio have been especially interested of late in the flood reports coming from that area. Louis Heinemeier, son of Rev. and Mrs. L. Heinemeier, living about fifteen miles southwest of Vernon, has written his parents of his harrowing experiences during the disaster. His father, believing that these would interest Record readers, has submitted the following extracts from his son's letter:

You, no doubt, received my telegram, I sent it because I knew if you would hear about that most disastrous flood that ever came upon San Antonio and vicinity would cause you to worry about me.

Everything Taken By Flood.

"This flood was the most awful thing my eyes have ever witnessed. I had removed from S. Almo to Trenton Avenue, hence lived where the flood raged most fearful. I have lost all and everything. Had about 200 books and the S. A. crew took them along. Every piece of clothing, my two new suits, hats, caps, shirts, collars, shoes, underwear, all those photos so dear to me, letters, Kodak album, animals—I have not been able to save anything.

"About 11:30 p. m. it commenced. I lived about twenty paces from the river. Already for two or three days it had rained heavily. About 9 o'clock there was a cloud burst; only about three miles above us. And then the water—Oh, how awful!—and floating on the surface that nasty oil! The Elliot-Jones Oil Co. tanks overflowed. At twelve the nearby bridge gave away, and, very fortunately, this woke me up. The water was already in my room. Altho our house stands four feet higher than the street it was soon surrounded by nineteen feet of water. The water rose so fast that I could just put on my bathing suit and leave the room wherein the water reached a level of ten feet. And then the screams of women and children!

Rescues Others

"Fortunately I could swim, otherwise I would have perished. I saved three women and six children from the flood, and they are all living. Saving one after another I sank under several times but never let me go. Till 4:30 I was in the water; cold, oily! My feet were cut by barb wire and other objects so that I can hardly walk. In the morning I went down to the bank.

"Here the water had risen ten feet. Almost everything ruined. I worked two days and three nights in succession. Always had plenty to eat, as the Red Cross provided us with all we wanted. Houston and Commerce, the main streets, you ought to see now.

Misery In City.

"There is now much misery here. Thousands are without shelter, clothing and food. I have seen many dead. If it had not been for the help of the soldiers from the nearby camps the death toll would be far greater. The material damage is estimated at ten millions for the business district only. I could keep on writing for hours longer—but, please, do not worry about me; I am alright."

TOO MUCH OF A GOOD THING

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.

BOATS WITH RESCUERS RUSH TO AID FALLEN ZR-2

Hardly had the ZR 2 hit the water when small boats filled with eager rescuers rushed to the middle of the Humboldt River, where the airship lay. But the best efforts of these willing workers was largely in vain, the calmness of the wreckage holding back the work of rescue.

PART OF COUNTY VISITED BY RAIN

SHOWERS SUNDAY CONFINED MAINLY TO NORTHERN PORTION.

Rain Sunday afternoon and evening proved of material benefit to a portion of the county, and helped to alleviate the drought experienced here during the major part of the summer. Heavy clouds came up from the north about 3 o'clock in the afternoon, and Vernon was drenched with a downpour which lasted about twenty minutes.

In the evening the shower was resumed locally, and continued nearly an hour. Reports from the country indicate that the rain did not cover a large area. Tolbert reported no precipitation whatever. At Fargo there was a good rain which extended about three miles north of that community.

Cotton Picking Continues

Cotton picking was not halted by the showers which were not heavy enough to materially stain any of the crop. The rain was of great benefit to wheat land. According to county agent a great quantity of rain is needed locally to thoroughly saturate the ground.

Hubert Sewell has gone to College Station where he will enter his freshman year in Texas A. and M. College.

PROGRAM ARRANGED FOR B. Y. P. U. MEETING SUNDAY

The regular monthly meeting of the Senior B. Y. P. U. of the Baptist Church will be held Sunday night, September 25, beginning at 6:30 o'clock. The subject of the lesson to be studied is "The B. Y. P. U. and Missions," and Miss Alice Lane will be leader. The following program has been arranged:

Song and prayer, followed by the scripture lesson which will consist in a missionary verse by each member present; introductory talk by leader; "Missions required by the standard of excellence," May Dunson; "Studying Mission Text Books," Ethel Haney; "Our Plans For Giving," Ernest Hawkins; music, Clarence Teel; "Giving to Special Causes," Mrs. Mattie Evans; "B. Y. P. U. and Missions," Oscar Vaughan, piano solo; Miss Mattie Lane Loyd; "How To Make Our Work Effective," Fay Hogsett; poems, Cleo Rogers and Clarence Teel; song and benediction.

Former Vernon Pastor Here

Rev. J. P. Riddle of Newcastle, former Vernon pastor, filled the pulpit in the Baptist church here Sunday night. Mr. Riddle was a minister here at the time the local Baptist church was built. The former Vernon pastor will go to Paducah shortly in answer to a call for the church there. He is in Vernon visiting his daughter, Mrs. Fred Newth.

Miss Mildred Coung will leave tonight for Dallas where she will be a student in the S. M. U. this year. She will visit two days in Fort Worth on the way there. Miss Eula Morris will join her in Fort Worth tomorrow night and will enter S. M. U. at the same time.

Now You Can Get MAG-LAC For Your Teeth

The good old remedy, "Milk of Magnesia" which your dentist tells you to use for a mouth wash to overcome "acid mouth" can now be had in a pleasing tooth paste.

MAG-LAC

makes the teeth beautifully white and at the same time counteracts "acid mouth." It tones up your mouth and gums.

KEEP YOUR TEETH

—they were meant to last a lifetime but "acid mouth" slowly dissolves the enamel and causes tooth decay. Help your teeth to last as long as they should—start using Mag-Lac today.

Large Tube 50c, Lasts 11 Weeks

ON THURSDAY, SEPTEMBER 22ND.

after 1 P. M. we will give a tube of
MAG-LAC

tooth paste to the first 144 adult persons who come into our store.

North Side of Square

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

KEEP POSTED ON WILBARGER COUNTY NEWS

TO THE FARMERS OF WILBARGER COUNTY

It has been reported to us that some of the Farmers over the county understand we are against the Farm Bureau Association, and as we can not see all the Farmers we take this method of DENYING the above statement.

WE ARE NOT AGAINST the Farm Bureau Association. In fact, we ARE FOR IT if it is a good thing for the farmer. But we have never endorsed the Farm Bureau, nor have we ever condemned it. We have always asked the FARMER to USE HIS OWN JUDGMENT, as we knew nothing of the responsibility of the leaders of this Association, and we did not care to recommend to our customers something that we KNEW NOTHING OF.

WE HOPE IT IS A GOOD THING, but we would not advise the Farmer to turn ALL HE HAS MADE for the past two years into the hands of people we knew nothing of, and nothing as to their responsibility. If the Farmer wishes to do this, THAT IS HIS PRIVILEGE. We have no objection, and hope the Farm Bureau will prove to be a profitable organization to the Farmers, as we ALL DEPEND ON THE FARMER, from the President to the Gaffer.

IT HAS ALSO BEEN RUMORED that we furnish the street buyer money to buy cotton and get half he makes. THAT IS ABSOLUTELY FALSE. We furnish them money to buy cotton and they pay 10 per cent for the money, just as all banks over the country charge—and THAT'S ALL their profit we receive.

NOW THE ONLY SUGGESTION we have to offer to our customers is for them to sell enough of this 18 cent and 21 cent cotton to get their creditors eased up, and then do what they please with the rest.

WHAT KIND OF ROADS

It is well that we ask ourselves
 what kind of roads Wilbarger county
 will have in case the proposed road
 bond issue should fail. One feature
 of the proposition which many are over-
 looking is that \$50,000 of this money
 is to go to each commissioner's prej-
 ect for the construction of bridges
 and grades.

Some voters may ask why it is nec-
 essary to have this \$50,000, when work
 has progressed so well during the last
 six or eight months without any bond
 money. In that question lies the
 answer to the former.

Work on the roads was imperative
 if they were to be at all possible in
 many quarters. For that reason the
 county court found it necessary to use
 road money ahead, and if we are not
 incorrectly informed—all work on the
 roads of the county must stop for an
 indefinite period unless this bond
 money becomes available. And that
 term "indefinite period" means well
 into next year.

BETTER THAN 1914

Few of us would willingly go back
 to 1914. Yet it is sometimes hearten-
 ing when we are told by the Secretary
 of Commerce and Labor that there are
 fewer men idle than in that year. The
 statement means more, too, when we
 understand that during the war not
 only were all the men available rushed
 into industry, but thousands of women
 were likewise employed.

Then with the end of the war and
 demobilization of the armed forces, is
 it any wonder that there is a regret-
 ably large army of unemployed? It is
 a good sign, however, that fewer men
 are without work now than was the
 case sixty days ago. And with the be-
 ginning of many public works it may
 reasonably be expected that the num-
 ber will continue to grow smaller.

Fortunately, there are few men in
 Wilbarger county or Vernon who do
 not have work to do.

A WELLEARNED HONOR

The offer of Governor Neff to ap-
 point W. N. Stokes assistant attorney
 general is a recognition of merit which
 could not be given a more worthy law-
 yer or more public spirited citizen.
 Mr. Stokes is one of the pioneers of
 Vernon, having cast his lot with the
 community when the town was much
 more insignificant than now.

Be it said to the honor of the man
 that he has never shirked a call of
 his fellows, working just as hard for
 the general public in civic matters as
 for his clients in the law. To lose Mr.
 Stokes would be very unfortunate for
 the community. His appointment as
 assistant attorney general would be a
 distinct gain to the State's legal depart-
 ment.

Six Childress golfers were guests of
 Hill Crest players Sunday on the local
 course, and played during the after-
 noon.

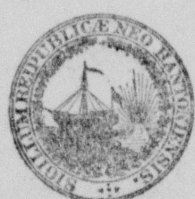

Open Column.

For a number of years I have been a
 close observer of the growth and de-
 velopment of Texas and Texas towns.
 In that time I have learned that the
 citizens of every town and county have
 to have a liberal spirit of civic pride
 and cooperation to make good. I
 knew Fort Worth and Dallas when
 they were small towns. The spirit of
 civic pride and cooperation has made
 them what they are. Dallas has the
 spirit more than Fort Worth and has
 outgrown Fort Worth. The lack of
 that spirit in Sherman is what made
 Denison.

Amarillo has that spirit and is mak-
 ing a city in spite of the disadvant-
 ages of a high altitude and extreme cli-
 matic conditions. When I moved to this
 town it was a better town in a better
 county than Wichita Falls. For the
 want of that spirit in this town Wich-
 ita Falls has outgrown us and made a
 city. I could name a number of other
 towns in Texas that have failed to
 make good for the want of that spirit.
 If we had had that spirit we could have
 had the Orient railroad. It was offered
 to us on liberal terms, the people
 here rejected every proposition they
 made to us, and as a result, after cross-
 ing Red river, it went nearly due west
 for six miles to keep from coming
 through Vernon. It would have been
 of incalculable value to the town. We
 could have a number of other en-
 terprises if we had gone after them.

We need good roads and should vote
 a large bond issue to build them. It
 would be a great step forward in the
 way of progress. The government pro-
 poses certain conditions to put up one
 dollar for every dollar that the county
 puts up to build roads. Suppose we
 vote the bond issue. I think it should
 be one million dollars. The money for
 which the bonds are sold, as well as
 what the government puts up will be
 spent in the county. The building of
 the roads will give employment to the
 unemployed laborers who will put the
 money in circulation. The saving to
 the farmer in hauling his produce to
 market and the increase in the value
 of land in county in one year would
 be more than the amount of the bond
 issue.

This county needs a good county
 hospital and should vote a bond issue
 for a good one. True, at this time
 there are private hospitals here but
 they will not answer the demands that
 a county hospital would. Wichita
 county first voted a bond issue of fifty
 thousand dollars for a county hospital.
 Last year they voted another bond
 issue for one hundred and fifty thousand
 dollars to build an addition to the one
 they already had. They have it full at
 the time. If we vote a one hundred
 thousand dollar bond issue to build a
 county hospital it would be spent

The Story of
Our StatesBy JONATHAN BRACE
IX.—NEW HAMPSHIRE

TO NEW
 HAMPSHIRE falls
 the honor of
 casting the
 vote which
 definitely
 formed the

United States. The Constitution
 was to formally take effect when
 nine states had ratified it and on
 June 11, 1788, New Hampshire
 rounded out the necessary quota
 of the states. This beat Vir-
 ginia for the deciding vote by
 only four days.

The beginnings of New Hamp-
 shire lead back to Captain Mas-
 son, who had been governor of
 Portsmouth in Hampshire, Eng-
 land. Thus was the name of
 the colony derived and also that
 of its first city, Portsmouth. As
 a reward for Mason's faithful-
 ness to King Charles he was al-
 lotted a large territory north of
 the Merrimac river. The first
 settlements were started in 1623
 in Rye and Dover. Shortly after,
 a theological dispute arose in
 Boston, led by Mrs. Anne Hutch-
 inson, which resulted in her be-
 ing banished. Some of her fol-
 lowers went north and founded
 Exeter, not far from the towns
 of Portsmouth and Dover. Short-
 ly after the town of Hampton
 was settled by Massachusetts
 people. As Captain Mason died
 soon after this, these four towns
 in 1641 joined themselves to
 Massachusetts. In 1679, however,
 King Charles II separated them
 again and formed the royal province
 of New Hampshire.

The present area of New
 Hampshire is 9,341 square miles.
 From the rugged aspect of its
 White mountains has come the
 name Granite state, by which it
 is often popularly called. The
 population of New Hampshire
 warrants an electoral vote of
 four for president.

\$30,000,000 WAR MEMORIAL FOR KANSAS.

John Ertl working on his model of the \$30,000,000 World War Memorial
 to be erected in Kansas City. President Harding and General Foch will break
 ground for this memorial, which will take years to complete.

here. Laborers and mechanics would
 get the benefit of it. "Dallas with all
 her magnificent hospitals, is going to
 issue bonds to build a large city county
 hospital. This is not a move by the
 people in the town for their benefit
 alone. There is a mutual dependence
 between the people of Vernon and the
 people in the county. If we could
 make a city of twenty or thirty thou-
 sand people the whole county would be
 benefited by it. It would give the
 farmer a good market for all the pro-
 duce he could make on the farm. The
 population of the country would in-
 crease and the value of land and every-

thing would go up.

The increase in taxes would be very
 little compared to the benefit to be
 gained. We are not living for our
 selves alone, but as a spirit of altru-
 ism should govern our lives in every-
 thing.

We should all get together and vote
 these bond issues and build good roads
 and build a good hospital and good
 school houses and have an up-to-date
 town and county of which we would all
 be proud.

What Does the Bank Say About You?

Before Opportunity makes her final decision, she "checks up" on you. She wants to
 know if you are worthy.

What a reputable bank says about you is often the deciding factor. If you're known
 at a strong bank as a man of good business habits—a man who keeps his checking
 account in a healthy condition—and his word likewise—such a statement will go far
 with Opportunity in deciding in your favor.

"Get in strong" with a strong bank. This bank has a service to offer that will help
 you grow. The advice and counsel of such a bank is a tremendous asset to you.
 Drop in some time and ask about it. No red-tape.

BELIEVES BOND ISSUE CAN WAIT

J. P. KING SEES BETTER SALE
FOR SECURITIES AFTER
FIRST OF YEAR.

"Good roads are all right, but I'm not in favor of a bond issue at this time," is the expression of John P. King, president of the first Guaranty Bank in regard to the \$600,000 expenditure that is being urged for better Wilbarger highways. Mr. King is of the opinion that bonds would not market at par at this time.

If those backing the movement wait until January 1st, he said, the bonds will be worth a good deal more. If put on the market at this time they will not bring their face value.

Easier To Pay Next Year

Another feature stressed by the banker is the fact that taxpayers will be in a better position to meet their obligations next year instead of this one. The present annum has been a lean one, he said, and in the event the issue carries, taxes on the \$600,000 would have to be paid by the first of February.

If the project waits, he said, paying can be completed and the highways put into use before taxpayers will even be called upon to pay for them.

MORTUARY

September 18, 1921.

Sunday morning at 6:30 Mrs. Harriet Hayes departed this life one year ago Dead but yet she lives. Her teaching I can not depart from. Yet she was old and born and reared during the dark period of slavery, but she is more than this world to me. She was the best teacher I ever met. No greater friend this earth could afford. It was she who first made sacrifice that I might live, with all that she has done for me. She taught me of Jesus and his word and led me to His feet. And today I am walking in her way. From the teaching she gave me the plan of salvation and I am so fixed that I cannot fall or stray. But, oh how bitter was that hour when I had to part with her, my all and all, the life of all my joy, the corner of my heart. If I could climb to yonder's height and push Heaven's gates ajar, and view God's plans and ways, then mystery of this world would only be a wave. Then I could clearly see why tear it was best that my mother was taken from me. Gone but yet she lives, how charming in my eyes the spot which she lies, but there is no greater hope than this my soul does cherish. Meet her in the sweet bye and bye, where joy has no end and loved ones forever sing "Glory be to the new-born King." Where all is bright and fair in the palace of the King, I'll grasp my mother's hand.

Final honors to the dead of the wrecked ZR-2 at Hull, England, were made notable, as the photo shows, by full military ceremonies. Tributes to the Americans who lost their lives were many and no less heartfelt than were those to Britain's own.

T. C. U. FOOTBALL SQUAD VISITS HERE

MEN TAKE WORKOUT ON GOLF
COURSE AND LATER
ATTEND DANCE.

Vernon was visited Saturday by Coach Loyd Driver and eighteen of his football squad from Texas Christian University. The players and their mentor were on their way to Amarillo where they will meet Northwest Texas State Normal in a game next Saturday.

Coach Driver and his men were met at the depot Saturday afternoon by local cars, and were escorted immediately to Hill Crest Country Club. The squad was put through a brisk practice on the golf course, and showed good early season form. There was forward passing, and signal practice, but extremely hot weather and the hard ground prevented scrimmage.

Have Speedy Team.

T. C. U. will probably make up in speed what it lacks in weight this year. The line is moderately heavy with the backfield comparatively light but the men are fast on their feet and handle the ball fairly well. The squad has finished two weeks of practice and next week will enter school.

After practice Saturday the men were given a dinner at Hill Crest. The club dance was given later in the evening, and many of the visiting players remained for the occasion. The squad left early Sunday morning for Amarillo.

has lost none of its popularity since the spring season, but instead is presented in a greater variety of colors and shades. A frock made of this material will give you the assurance of being well dressed—Don't fail to consider it in making selections.

STRIPES AND CHECKS

are desired materials just now for separate skirts and jumper dresses. The skirt goods are of fancy striped patterns. Bright red flannel is also among our jumper dress materials, all of which come in 56-inch widths.

SERGE, TRICOTINE AND POIRET TWILL

For the street dress and the tailored costume have their place of prominence in showing of fall materials. These weaves come in a variety of grades and colors and make suitable dresses for the junior, the miss or the matron.

SILKS FOR CHILDREN

Come in small checks this year. They may be had in red and white, navy, white, copen and white, green and white, brown and white, and black and white. These are dainty materials as are the small misses for whom they will be made up. Black and white checks may also be had in all wool.

GINGHAMS

For early season days and especially for school during the first two months of fall, nothing can be better. Especially attractive is this inexpensive goods now that it is being made in such pretty patterns. We have it for 10, 12 1-2, 20, 25, 35, 50 and up to 69 cents per yard. You will have no trouble in finding pieces to suit both your taste and your pocket book. We have all these dress goods on our shelves at the present time. Come before they are picked over.

CROW SISTERS

W. M. BOWMAN WILL INFORM FARMERS ON BUREAU SELLING

Directors Select Agent To Dispense Information Concerning Method Of Disposition And Drawing Money—Wilbarger Farmers Receive Certificates Of Membership.

W. M. (Bill) Bowman has been selected by the directors of the local Farm Bureau to give information to county farmers concerning the method of selling their cotton and drawing money from the Association. His office has been temporarily placed at the local warehouses, but may be moved shortly to the compress.

Mr. Bowman was put in charge of this work Saturday. He will dispense this information to all members of the Farm Bureau.

Farmers Receive Certificates

According to J. R. Caldwell, president of the county Farm Bureau, practically all of the farmers in Wilbarger who signed contracts received last week their certificates of membership. This means that all cotton in the future must be turned over to the Farm Bureau or the contract will be violated.

About 300 bales were delivered to the Farm Bureau Saturday, and practically 350 bales are in the warehouse here. Much is being held in the county, also, awaiting the completion of arrangements by the Bureau for marketing cotton.

Interest in the Farm Bureau on the part of Wilbarger farmers is constantly growing, Mr. Caldwell asserted. A considerable number are joining the organization from time to time.

District Cotton Moving

T. M. Hancey, president of the Fourth county bureau in a telephone message to Vernon Saturday, stated that Farm Bureau cotton in each of the twelve counties comprising the district of which he is director, is moving.

The importance of abiding by the contract signed is emphasized by Mr. Caldwell. For example he quotes an instance of an Oklahoma farmer who chose to sell his cotton outside the Farm Bureau. He was taken to task by the Bureau and given his choice of prosecution or buying the bale back. He chose the latter method and paid not merely a fine of five cents on each pound of cotton, but was obliged to pay three cents a pound more for the cotton than he had received for it. The entire transaction cost him in the neighborhood of fifty dollars. The contract drawn with the Farm Bureau is inviolable, Mr. Caldwell stated.

CHEERFUL WORDS

For Many a Vernon Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Vernon readers.

Mrs. J. T. Saunders, East Texas St., Vernon, says: "I know just what Doan's Kidney Pills are for I have used them on different occasions when I was in need of a kidney remedy. When my kidneys have been a little out of order or my back has ached from doing my housework I have taken Doan's Kidney Pills and they have always given me splendid results. Another member of my family has also used Doan's Kidney Pills and had good results and praises them highly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Saunders had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THIS BERLIN BANKER IS MAKING A PIKER OF PONZI

Max Klante, Berlin banker.

Max Klante, Berlin banker, whose "sporting bank" is attracting international attention, Klante advertises that he will pay 100 per cent each two months on money deposited with him. This money is bet on horse races, and Klante claims to have profited thirty million marks in three months by following his own system in betting.

MRS. HARDING STOPS FRIEND FROM SMOKING.

Mrs. Harding & Mrs. John T. Pratt.

Mrs. Harding restrains Mrs. John T. Pratt from smoking a cigarette when the cameraman takes their photograph. The photograph was made while Mrs. Harding and Mrs. Pratt were strolling on the lawns of the Piping Rock, Long Island, Country Club while the President was playing an eighteen-hole foursome.

I AM KING COTTON!

I am King Cotton! When I nod my head and shake my white tresses thousands of men, women, and children hasten to care for me. I require ten long hours of unremitting toil, my person must be carefully guarded, and I must be shielded from the hot rays of summer and the chilling blasts of winter.

My habitation must be one that is carefully guarded. I do not thrive in dampness or dirt. When I wave my mystic wand my journey commences from farm to palace. Thousands at my bidding speed. I sustain life in the bodies of young and old, rich and poor.

I yield a living to the man in the field, the girl at the spindle, and the merchant at his counter. In the event that I am not carefully guarded at all times I bring misery to all of these and millions more.

Through my grace the world is clothed. When I am present there is cheer and comfort, and when I am gone there is woe and suffering. I travel to the farthest corners of the earth and visit the hovel of the beggar and the mansion of the nobleman. Both are equally glad to see me. I find welcome from both the washer lady and the queen of the realm.

I make and break fortunes. Through my influence vast sums are gleaned by individuals who have faith in my power to sway the world. When confidence in me wanes, many are made penniless.

Each year I hold court in the late summer and fall. My attendants pray

that fair weather may grace the ceremonies. I am carried hither and you that all may see and enjoy the blessings I bestow. Under the bright moon at night my servants are busily working, my messengers rumble their way to the gins where I am awaited for market.

I rule the South, nay—I rule the nation, the entire universe. I am omnipotent, I am—King Cotton.

Phenomenal Growth Of

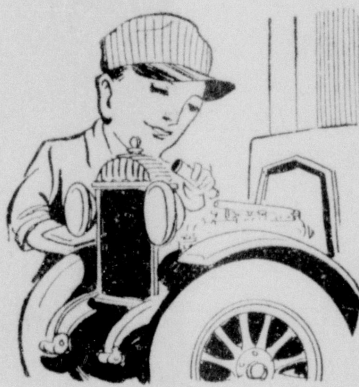

English Language in 100 Years.

Few realize the tremendous growth of the English language during the nineteenth century. Based on the tables of Mulhall and Bartholomew, of Edinburgh, the following statement is of meaning:

	1801	1901
French	31,450,000	52,100,000
German	30,320,000	84,200,000
Italian	15,070,000	34,000,000
Spanish	24,190,000	46,500,000
Portuguese	7,480,000	15,000,000
Russian	30,770,000	85,000,000
English	20,520,000	130,300,000

Remembrance In Business

It does a man's heart good to discover that this is a far better and kinder business world than he had thought it could be. He fairly radiates warm gratitude and good will.

Friendliness is a priceless quality in Business, a constant urge which makes sales more quickly and more surely than any amount of dry logic or argument; it cannot be neglected; it is too valuable; it must be intelligently fostered.

Just the reason our business has grown from year to year our friends remember.

Notice, Sheriff's Sale.

The State of Texas, County of Wilbarger: By virtue of an Alias Execution issued out of the Honorable 90th District Court of Wilbarger County, on 8th day of July A. D. 1921, by the Clerk thereof, in the case of City National Bank of Commerce versus G. L. Waggoner and W. G. Burton, No. 10207, and to me, as Sheriff, directed and delivered, I will proceed to sell, for cash, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in October, A. D. 1921, it being the 4th day of said month, before the Court House door of said Wilbarger County, in the City of Vernon, the following described property, to-wit:

Section 9, Block 1, M. E. P. & R. R. Co. Survey, Certificate 60, Abstract 17, containing 651 acres; Section 40, Block 1, M. E. P. & R. R. Co. Survey, Certificate 60, Abstract 107, containing 651 acres; Section 41, Block 1, M. E. P. & R. R. Co. Survey, Certificate 61, Abstract 46; Section 42, Block 1, M. E. P. & R. R. Co. Survey, Certificate 61, Abstract 102; Section 45, Block 1, M. E. P. & R. R. Co. Survey, Certificate 63, Abstract 44, containing 651 acres; Section 46, Block 1, M. E. P. & R. R. Co. Survey, Certificate 63, Abstract 102; also lot S, Block 30 of the original town of Vernon, leveled on as the property of G. L. Waggoner to satisfy a judgment amounting to \$13,245.90 in favor of City National Bank of Commerce and costs of suit.

Given under my hand this 14th day of September, A. D. 1921.

SEE US AT OUR NEW HOME

In our new home, at the Corner of Maiden and Fannin Streets we are better prepared than ever to give you the excellent SERVICE that we have made one of the paramount foundations of this company.

We are carrying in stock now every kind of lumber, building material, builders' hardware, plaster, cement, paints, oils, screen wire, windows, doors and Beaver Board.

In fact we pride ourselves on keeping for you everything that goes into a building from the smallest nail to the largest timbers.

We will be more than glad to meet all of our old customers and many new ones in our new home.

We show you the same courtesy, service and fairness be your bill for 5 cents or \$1,000.00. "QUALITY AND SERVICE" is our motto.

W. E. THOMAS Lumber Co.

Corner Maiden and Fannin Streets Vernon, Texas

Protect What's Worth Keeping

"If a thing is worth doing, it's worth doing well"—and if a record is worth keeping, it's worth protecting.

The records of business are many and varied—some are priceless, others of value, and many of temporary use only. Often and at the end of each year the elimination is made. Of what value are records when they cannot be found? Or if they are ravaged by mice and vermin, dust and dampness? Or if they are consumed by fire, or destroyed by water?

The value of records in your business as definite, written documents lies in their safe-keeping. You cannot insure them. You realize nothing when they are gone. You are helpless.

</

BUSINESS STOPS AS SCHOOL OPENS

167 STUDENTS ENROLL AT HARROLD WITH THIRTY-SEVEN IN HIGH SCHOOL.

Business was suspended at Harrold when the school opened Monday. Everybody went to school.

One hundred and sixty-seven students have already been enrolled, thirty-seven of which are in the high school.

Members of the school board, teachers and patrons of the school took part in the opening exercises. Miss Thelma Smith of Vernon, teacher of English, delighted the assembly with her readings. Miss Jessie Dell Haney of Waco, teacher of music and expression, also delighted the audience with her readings and piano selections.

"Conditions are very favorable for a successful year's work," says superintendent R. S. Covey. "The new temporary high school building was completed last Wednesday. This relieves crowded conditions which existed last year."

"Bonds have been voted for a new brick high school building, but they could not be disposed of at a figure satisfactory to the trustees, and a temporary building was erected."

"Application will be made for first class classification and affiliation with the State Department of Education this year. Eight teachers are employed, all of whom live in the new teacherage which was erected the past summer. The building is two stories high with conveniences."

Harrold Parent-Teachers Organize.

Twenty Harrold women enrolled as charter members of the parent-teachers' association organized in that community Friday afternoon. Mrs. F. D. Little is president; Mrs. R. Sanderson, vice president; and Mrs. R. S. Covey, secretary-treasurer. The women insist that every effort is going to be put forth to make this the best year that the Harrold school has ever had.

Culture Club Calls Meeting.

A call meeting of the Culture Club was held last Friday for the purpose of revising the list of members, outlining the year book and making plans for resuming the work of the organization after the summer recess. The first regular meeting will be held next Tuesday afternoon at the home of Mrs. H. K. Greover.

To Give Bridge Party.

Mr. and Mrs. Joe Parker will entertain with seven tables of bridge at their home this evening.

CAN PLENTY OF CHERRIES FOR PIES NEXT WINTER!

Sweet white and large black cherries are usually canned unpitted, but acid cherries ordinarily are pitted before canning. Unpitted cherries present a more attractive appearance, and many like the flavor the pit gives to the product. The following directions for canning this delicious fruit are given out by the United States Department of Agriculture.

If cherries are to be canned whole plunge them for twenty to thirty seconds in hot water. This prevents splitting. A syrup for sweet cherries may be made of 3 1/2 pounds of sugar to 4 quarts of water. Pack cherries whether pitted or unpitted to within one-half inch of the top in jars which have been boiled fifteen minutes. Fill jar with syrup and put on rubber which has been for fifteen minutes in a solution made from one tablespoon of soda and one quart of boiling water. Remove top from water in which it boiled for fifteen minutes and place on jar. Partially seal jar. (With glass top can, put one ball in place. With screw top jar, screw half way on.)

If stem pressure cooker is used, place jars in cooker and process quart jars twenty-five minutes. When a commercial hot water bath canner or a home-made one is used, place the jars, after partially sealing, in the canner on a false bottom. Water should cover the jars. Do not start counting time until the water is boiling. Process quart jars for twenty minutes. When processing is finished, remove jars, complete sealing, test for leaks, and store in a cool, dry place. If the jar leaks, remove rubber and put on new wet one and process fifteen minutes more.

JUDGES SEYMOUR LIVESTOCK

County Agent Enthusiastic Over Co-operation And Enthusiasm Displayed At Fair

Guy R. Jones, County agent, assisted last week in judging the livestock exhibits at the Seymour fair. Mr. Jones was enthusiastic over the displays and remarked that they were fully ten times as many cattle as were shown in the Willbarger fair. It required a day and a half to make awards at Seymour whereas the last exhibits required but four or five hours. There was an especially fine showing of Hereford cattle at Seymour.

Riders from all over the section competed in the rodeo held at Seymour. Five thousand dollars in prizes attracted these from over a wide area and the event was truly a feature.

A considerable number of Vernon residents attended the celebration at Seymour.

COTTONSEED BRINGS HIGHEST PRICE OF ENTIRE SEASON

Cottonseed in Vernon is now bringing \$32 at the gins, this price going into effect last Saturday. This is the highest price paid here this season. The cotton market opened this morning at 20 1/2 cents, with some cotton bringing 21. This noon, however, it sank to 19 1/4 which was the figure at closing.

Vernon gins to date have ginned 2,685 bales. Ginnings today are the following: Vernon Gin 40 bales, Farmers 60, bales, Peoples, 50 bales, and Planters 54 bales.

Entertains Monday Club.

Mrs. Joe Parker was hostess to the Monday Bridge Club yesterday afternoon. Club members present were Mrs. Howard Timberlake, Mrs. Everett Haney, Mrs. Dee Norwood, Mrs. Harry Colley, Miss Johnnie Mallow, Miss Robbie Standifer, and Miss Donalita Standifer. Mrs. C. M. Caraway was the only extra guest. Mrs. Colley won the club prize for high score and Mrs. Caraway was given a guest favor. A plate lunch was served.

ASK CONFEDERATES TO ATTEND REUNION

COMMANDER OF TEXAS BRIGADE ISSUES APPEAL TO ALL VETERANS

A call for all Confederate organizations has been issued by the commander of the 13th Texas Brigade to gather at the reunion which will be conducted next month in Chattanooga. An effort will be made to place Texas supreme in the ranking, and all veterans or their relatives are urged to participate. Following is the appeal issued by Guinn Williams, commander of the 13th Texas Brigade.

The Confederate Veterans, The United Daughters of the Confederacy and the Sons of Confederate Veterans.

"The Reunion meets at Chattanooga the last week in October. We have now a short time in which to organize, nevertheless, we are going to try and make this, the Thirteenth Brigade, the banner brigade in the entire organization of the Sons of the Confederate Veterans."

Want Banner Brigade.

"The Hon. Edgar Squire, of Wichita Falls, Trans-Mississippi Department, Commander of the Sons of Confederate Veterans, and the Hon. Lon A. Smith of Austin, Commander of the Texas Division and I, as Commander of the Thirteenth Texas District of the Sons of Confederate Veterans, are very anxious to make this the Thirteenth Texas Brigade, the banner brigade in the entire organization."

"I am anxious to assist in any way I can to help organize chapters of the U. D. C. and camps of the S. C. V. in all places in the District and ask that you write me, a Confederate Veteran, the daughter or grand daughter of a Confederate veteran or the son or grandson of a Confederate veteran and

AT NINETY IS DEAN OF AMERICAN LAWYERS.

Dean of the lawyers in the United States is the distinction possessed by William Graham, of Dubuque, Iowa, both in point of age and in active practice. Hale and hearty, he recently celebrated his ninetieth birthday and his sixty-fifth anniversary as an attorney-at-law. He celebrated both events by engaging in actions in the District Court of Dubuque.

Let me come to your town and help organize a chapter of the U. D. C. or a camp of the S. C. V.

GAME WITH WICHITA FALLS NOT DEFINITELY ASSURED

Coach J. A. Morrow of Vernon high school is not certain that the football game scheduled for Saturday with Wichita Falls will be played. The city aggregation intimated a day or two ago that they would play Vernon later in the season, if possible, and Mr. Morrow does not deem this sufficient assurance. The game Saturday will not be played unless Wichita Falls agree to come here at a later date.

Definite arrangements have been made for a game with Quanah on October 22.

WHO IS NOW AFRAID OF

COFFEE

People once were afraid of the steam engine. "It will blow up"—"It will jump the track"—they said. But we all know better now.

Time has disproved many old fallacies. Yet, some good people still believe that coffee doesn't "agree" with them,—a popular delusion encouraged by competitive products.

There are many food fads. Some think they can't eat bread,—some think they can't eat potatoes. There is probably no food that can be said to agree with everybody.

In reality—coffee is more healthful for more people than any other beverage. It is consumed in greater quantity.

VERNON, WILBARGER COUNTY, TEXAS, TUESDAY, SEPT. 20, 1921.

NUMBER 72

OCTOBER 29 SET AS DATE FOR ROAD BOND ELECTION

Commissioners Court Issues Proclamation Saturday Setting Forth Project In Detail—Recommend Adoption At This Time—No Increase In Tax Levy For This Year.

County Commissioners Saturday set the date for the proposed \$600,000 road bond issue election for Saturday, October 29, and have issued a proclamation concerning the event and setting forth their views on the entire proposition. The proclamation furthermore specifies in detail the manner in which the money will be spent, and ends conclusively the arguments which have been rife over the county in this regard.

One specific statement made is to the effect that no tax levy will be made for this purpose during the year 1921. This has been one big objection to the proposition on the part of many taxpayers. In answer to the charge made that the bonds will not bring par value county officials offer the assurance that they will bring 90 cents on the dollar if sold tomorrow.

Following is the proclamation issued by the commissioners' court and signed

Order Of Election

To whom it may concern:—

"The Commissioners Court of Wilbarger County, Texas, has today ordered an election for an issue of County Road Bonds, in sum of \$600,000, \$84,500.00 of which is to purchase district roads in Road Precinct No. One, and \$505,500.00 for further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof throughout said county and said Court proposes to construct concrete or other hard surface roads including necessary drainage structure, 2 miles further towards Oklahoma; 2.3 miles from city limits on and with Wilbarger street to S. W. corner of Fair grounds thence northwest to Pease River bridge, 1-2 mile from north end of said bridge on Highway toward Chillicothe; 1.7 miles South from city limits to Paradise Creek on road to Seymour; 1.7 miles north from city limits to lower Pease river bridge and one half mile from north end of said bridge to top of hill on road to Fargo or purposes to further extend the concrete or other hard surface paving toward Oklahoma and Chillicothe in near equal distances, as far as funds will be available including Federal and State Aid, after setting aside \$200,000.00 for construction and maintenance of roads and drainage structures throughout the county to be divided \$50,000.00 to each commissioner's precinct to be spent under the discretion and direction of the Commissioner of the respective precincts subject to the approval of the Commissioners' Court.

"We think this is a reasonable proposition and are willing to recommend its adoption at this time, for among other reasons we do not have money to do the necessary work, but leave it to the judgment of those entitled to vote at said election.

"To pay off said bonds issue in 30 years in the event it should carry, it will increase the County Tax Rate about 35 cents on the \$100.00 valuation to begin with, on present assessment, but no Tax Levy will be made or have to be paid for the year 1921.

BEGINS VOCATIONAL TRAINING

Robert January Goes To Arlington To Take Advantage Of Year's Scholarship

Robert January, son of Mr. and Mrs. R. A. January of the Paulk Hill District, left Saturday night for Arlington where he will attend Grubbs Vocational School. The lad will spend a year in that institution by virtue of having won a scholarship last year by producing the largest yield of grain sorghum of any club boy in the State.

The fortunate boy is well known in the county, and has taken a prominent part in club activities for some time.

HUNDREDS AID IN SEARCH FOR WOMAN WHO HAS VANISHED

Mrs. G. C. Hill, Wife of Local Contractor, Has Not Been Home Since Yesterday Morning—Is Suffering From Wound On Head—Parties Drag Near-by Bodies of Water.

Searching parties comprising several hundred men are scouring Vernon and vicinity for some trace of Mrs. G. C. Hill, wife of a local contractor, who has not been seen by relatives or close friends since she left her home yesterday morning about ten o'clock. Mrs. Hill's action is credited to a shock she received a week ago while attending the funeral of J. A. Baker.

At that time, in company with a friend, Mrs. C. A. Kressenberg, Mrs. Hill drove to the cemetery in Mrs. Kressenberg's car. Endeavoring to avoid a wagon near the entrance, Mrs. Kressenberg was obliged to drive into a ditch and the force of the impact jolted both occupants of the car severely.

Has Been Nervous.

Since that time she has been extremely nervous, and has complained often of headache. Yesterday morning she left her two little boys in the keeping of her sister and was seen by acquaintances in the business section of the city. She is said to have been in the Wide-Awake store where she made a purchase of a hair net.

Stories concerning her late whereabouts are somewhat conflicting. She is said to have passed by the Bennett and Rogers Filling Station during the morning, and Perkins Craig, an employee of the Kell Mill, saw her near the Frisco round house soon after ten o'clock. A report has reached the family that Mrs. Hill was seen by a little girl about three o'clock in the afternoon to get into a cotton wagon near the Frisco tracks. She is said to have been without a hat when she was seen.

Was In Drug Store

According to Harry Simons, pharmacist with Baker Bros. Drug Store, Mrs. Hill came into that establishment shortly after 3 o'clock in the afternoon yesterday and made a small purchase of five of ten cents for which she paid for with a check of one dollar. This report has confused the searchers who have been inclined to the theory that her disappearance has been somewhere west of town.

Mr. Hill was busy at Oklahoma Monday, and was unaware of his wife's absence until his return in the evening. A search was at once begun and has been relentlessly pursued since. Plans are under way to drag the river and all bodies of water in the vicinity of Vernon. More searchers are being continually added to the quota, and every clue is being hard pressed.

Mrs. Hill is described as being heavy set, weighing about 160 pounds, and not very tall. She has brown, curly hair and blue eyes and is 27 years old. At the time of her disappearance Mrs. Hill was dressed in a brown jumpsuit and had on a pongee silk waist. She wore a little, striped hat and brown veil, brown hose and low quarters with military heels.

Call Mass Meeting.

A mass meeting of Vernon citizens was called this afternoon at 1:30 for the purpose of organizing the search for Mrs. Hill. Those aiding in looking for the lost woman were given details of her disappearance, and informed that if she were found four blasts will be sounded on the fire siren.

It has been absolutely established that Mrs. Hill was seen in Vernon going West on the Frisco tracks in the morning. P. L. Brown, a painter, who knows Mrs. Hill well, saw her at the postoffice at 1 o'clock yesterday afternoon, he says, and chatted a few moments with her. At that time she was in a Ford truck with another woman and several children.

Miss Eilman Returns

Miss Rose Eilman, Wilbarger county Public Health Nurse, returned to Vernon Friday morning from a months vacation trip to California. She visited relatives and friends in Los Angeles, Santa Anna and San Francisco, and returned by way of Salt Lake City and Colorado Springs where she stopped for brief visits.

AMUNDSEN PREPARING FOR SEVEN-YEAR EXPEDITION

Captain Roald Amundsen, the famous explorer, has arrived in the waters off Seattle, Washington, in his exploring ship Maud, to be fitted up for a new dash to the North Pole. After having her propellers replaced the ship was loaded up with provisions and material for his next expedition, which Captain Amundsen expects to complete within about seven years. The illustration shows the good ship Maud and Captain Amundsen, with his adopted child, Oskonta, who is the youngest of two Eskimo children that he adopted during his last trip North. Above are six members of the Eskimo crew who came back from the North on the explorer's last trip and who will accompany him on his new quest. It was the first time they sailed from the Arctic waters, and they still stick to their furs.

BOOM SWINDLER GETS TWO YEARS

R. E. PENDERGAST PLEAD OWN CASE BUT WAS UNABLE TO CONVINCE JURY

Two years in the penitentiary was the sentence meted out yesterday in district court to R. E. Pendergast who was tried on a charge of swindling. The jury was out only a short time in the afternoon.

Trial of the case consumed all morning, and Pendergast plead his own case. It is alleged that he obtained \$1200 from the First Guaranty State Bank in April, 1920, giving fictitious property as his security. Pendergast is said to have claimed that he owned a barber outfit in Wichita Falls.

Lee Wright, a negro, was given two years in the penitentiary in the afternoon after pleading guilty to a charge of burglarizing Mason Bros. store in Fargo May 14 last. The jury deliberated only a short time on Wright's case.

SAYS BONDS WILL HAVE TO VOTED AGAIN IN 10 YEARS.

W. D. Thornton of Tolbert is against the \$600,000 bond issue for better roads on the grounds that the same amount will have to be spent again in ten years for the same purpose. He regards concrete pavement as unsatisfactory in view of the fact that some of Vernon's paved streets are showing signs of wear.

Another ground for objection on Mr. Thornton's part is the contention that the movement is for the benefit of Vernon. He does not think the entire county will be aided proportionally.

Fire Damages Cotton Bales.

Fire about 3:30 Sunday afternoon damaged two bales of cotton in the local cotton yard. The fire was confined to the inside of baled cotton, is supposed to have been in the cotton when it was stored late Saturday afternoon. The blaze was extinguished by the department. A negro farmer living west of town was owner of the cotton.

MISS ROWLAND WEDS BURKBURNETT MAN

DAUGHTER OF PROMINENT FARMER BECOMES BRIDE OF LUMBER DEALER

Miss Allene Rowland, daughter of Mr. and Mrs. J. S. Rowland of this county, became the bride Sunday morning of Frank Wardle of Burkburnett. The couple were married at the home of the bride's sister, Mrs. Porter Crow Stinnett on E. Wilbarger street, and Rev. W. T. Rouse performed the ceremony.

Mrs. Wardle has been employed for more than a year ago at the First Guaranty State Bank. Her father, J. S. Rowland, is a well-known farmer living north of town. She received her education in Vernon, and graduated in both the literary and commercial courses at Holcomb Training School.

Wardle Lived Here.

Frank Wardle is from Patterson, N. J., and was employed in the First Guaranty State Bank here more than a year ago. From here he went to Burkburnett, and is now in that city connected with the W. E. Thomas Lumber Co.

The couple left after the ceremony for Burkburnett where they will make their home.

STUDENTS DELAYED IN LEAVING BY LATE TRAIN.

Numbers of Vernon students, scheduled to leave for their respective schools Sunday night, were obliged to wait until 6:40 Monday morning before they could depart. A delay on the Denver road brought the midnight through here almost six hours late.

Those who left for their destinations were the following: Miss Dorothy Hicks and Mozelle Parker, Ward-Bellmont College; Misses Birdie Hiatt, Maude Ladd, and Jewel Nowlin, T. C. U.; Miss Doris Boger, Crescent College; Carl Robertson, Dixie Boger, and A. M. Hiatt, Jr., Texas A. and M. College; Damon Shive, Terrell Military School.

WILBARGER BUTTER WANTED AT FAIR

PRIZES IN THIS DEPARTMENT UNUSUALLY LIBERAL—MUST SHIP SOON.

Residents of Wilbarger county are urged by the home demonstration agent to submit butter for the Dallas Fair this year as prizes in this department are unusually liberal. For five one-pound prints there will be the following prize awards—\$20, \$15, \$12, \$8, \$6, and \$4. For one-pound print they will be—\$15, \$12, \$8, \$6, \$4.

Those owning a herd from six to ten cows or more are asked to submit five specimens, and those having fewer animals may send in one sample. After the fair butter will be sold to the highest bidder, and the money given to the exhibitor. There will be a premium for the county winning the largest amount of prize money.

The butter must be well wrapped and not packed with other articles. The products should be shipped prepaid express to the Dairy Department, Texas State Fair, Dallas, Texas.

SEES NO OBJECT IN OPPOSING BOND ON EAST SIDE.

There will be no opposition to the proposed \$600,000 bond issue on the east side if the taxpayers in road district number one stop to consider the proposition, in the opinion of W. A. Larimore, who lives on E. Wilbarger street. Mr. Larimore points out that those in that district are now paying forty cents on the \$100 valuation, whereas, if the issue is voted, the rate of thirty-five cents will be county wide. "I can't see why anyone would be against it if they live in my district," says Mr. Larimore, "they'll have the better roads and lower taxes, too."

Called Meeting For Rebekahs.

There will be a called meeting of the Rebekah Lodge Wednesday evening at 7:45 for the purpose of initiating candidates. The session will be conducted in the Odd Fellows Hall, and a team from Electra will be here to put on the work.

STOCK OFFERED FOR SALE TO BUILD NEW BRIDGE OVER RED RIVER AND ENCOURAGE TRAVEL NORTH AND SOUTH

Structure One That Has Been Urged For Several Years—Will Be Constructed Northeast of Odell—Proposition Receives Hearty Commendation of Altus and Vernon Chambers of Commerce—Will Open Trade Territory.

A toll bridge, approximately 4,000 feet long and twelve feet wide, will be constructed over Red river northeast of Odell by Peck and Hickernell, promoters, who are now offering for sale stock in the proposition. The structure will be capitalized for \$75,000, \$5,000 of which will be held as treasurer's stock and used in case of a wash out or emergency of any kind. The remainder of the fund will be devoted to the construction of the bridge.

The bridge will connect Texas trade territory with Oklahoma at Altus, has been enthusiastically endorsed by the chamber of commerce in that city which also agreed to furnish a charter for its construction over the Red river. Vernon's Chamber of Commerce, after careful investigation, has lent its support to the proposition and will back the project locally. Following is the endorsement of the commercial body.

Local Body Endorses

The Chamber of Commerce of Vernon, Texas, does hereby certify that it has carefully examined into the proposed bridge across Red river, the same to be located at the point northeast of Odell, just east of the railroad bridge over said river, the construction of which is to be made by Messrs. Peck and Hickernell, of Vernon, Texas.

We feel that its construction will be of material benefit to all citizens of Wilbarger County; that the plan proposed by Messrs. Peck and Hickernell is fair and equitable to all parties, and believe that said Messrs. Peck and Hickernell will faithfully carry out their contract for construction.

Messrs. Peck and Hickernell will furnish a bond in the sum of \$25,000, to guarantee to all subscribers of the stock for the repayment to them of 85 per cent of all stock sales in case the said bridge is not erected.

Can Buy Stock Now

Stock can be bought immediately in the proposed bridge, and residents of Vernon, Odell, Altus, Okla., and Elmer, Okla., are expected to become ready investors. Subscriptions, however, will be welcomed from the entire territory nearby.

The bridge when constructed will fill a pressing need felt for many years. The same proposition has been agitated at length at various times, but thus far no definite action has taken place. The structure is expected to link up nearby towns with the great bulk of travel going north and south, and in the opinion of A. P. Peck, one of the promoters, it will only be a short while before traffic in these directions out-rides that going east and west over the far famed Colorado-to-Gulf highway.

Connects North and South

An excellent highway is said to connect Kansas City, Mo., and neighboring points with Oklahoma City, and at present it is necessary for tourists over this route to cross the Red river between Childress and Wellington. A bridge over the stream at Altus will obviate this detour, and encourage direct travel through Vernon to Seymour and thence to points south.

Residents of Baylor county have thus far negotiated to bring to Seymour a highway connecting that city with San Antonio and points in southern Texas, but the project has received little encouragement due to the fact that tourists cannot continue in a northerly line after reaching the Red river. It is asserted further, that the Oklahoma State Highway has been designated as far as Elmer, and a bridge is expected to open up an immense amount of travel from Missouri, Kansas, and Oklahoma territory straight to the Gulf.

Will Encourage Trade.

At present communication by conveyance between Altus and surrounding points and Vernon is particularly arduous as it is necessary in most cases to make a wide detour to reach either destination. The Red river provides a treacherous crossing, and as a result there has been a minimum of co-operation and inter-relationship between these towns. It is expected that a new

bridge will open up a considerable trade territory for all neighboring communities.

The promoters of the project, A. P. Peck and J. C. Hickernell, expect to sell the entire stock within thirty days. The new bridge will have floors and stringers of long leaf yellow pine, ninety per cent heart, and piling of the same material. The latter will be driven through the sand to the hard pan. The structure will also be provided with a hand rail and two turnouts.

STOKES TENDERED FIRST ASSISTANT ATT'Y-GENERAL

Local Attorney Offered One Of Choicest Offices Governor Can Fill—Has Gone To Austin To Confer With Neff—Represents State In Criminal Court Of Appeals.

W. N. Stokes, law partner in the firm of Berry, Stokes, and Killough has gone to Austin where he will confer with Governor Neff on accepting the place of first assistant attorney-general of Texas, tendered him last week by the chief executive. Mr. Stokes has not determined whether or not he will assume the duties of the important office which will necessitate his removal to Austin and require his complete attention.

First assistant to the attorney-general is considered one of the best offices the governor has to offer, and it comes to the local attorney entirely without solicitation. The entire work of the place is in the Criminal Court of Appeals, where the assistant has exclusive jurisdiction. He reviews the evidence which is submitted, and represents the State in all cases brought into court.

With Present Firm 12 Years.

Mr. Stokes is one of the most prominent lawyers in Vernon, and is well-known all over this section of the State. He has lived in Vernon nearly twenty years, and is a native of Mississippi. Mr. Stokes has been associated with the law firm of Berry, Stokes and Killough for twelve years.

The major part of the local attorney's law practice has been with the firm of which he is now a member. He has also served two separate terms as county attorney, and has been city attorney as well.

His parents reside in Texarkana where his father is a Baptist minister.

FAMILY AFFAIRS ARE THE CAUSE OF SHOOTING.

J. J. Davenport of this city was shot in the left arm and neck yesterday about ten o'clock by J. T. Martin after the two had engaged in an altercation over family affairs. The shooting took place at the first house north of the ice house, and the wound was inflicted with shot issuing from a double barreled shot gun.

Davenport was not seriously injured, and is able to be out. Martin was arrested following the shooting and is under \$1,500 bond on a charge of assault with intent of murder.

The grand jury has not acted as yet in the case.

To Hold Rally.

A missionary rally will be held at the Central Christian Church tomorrow afternoon at 5:30 o'clock at which time Dr. Royal Dye, Medical missionary from Africa, will be present. Supper will be served and a night service will follow. At the latter Dr. Dye will give a lecture illustrated with stereopticon slides made from pictures which he took while on the Congo. All are invited to both meetings.

SOME LAND BARGAINS

640 acres of good land located near Harrold, with the
greater part level agricultural land, about half in farm,
sacrifice price \$37.50 per acre.

Section near Chillicothe, on Wanderer creek, well wa-
tered, good improvements most all tillable land, a bar-
gain for the man who is able to buy it. Price \$45.00
per acre.

200 acres in Farmers Valley, all in cultivation, two sets
of improvements, best of sandy land. Price \$75.00 per
acre.

170 acres Southwest of Vernon, all in cultivation, good
improvements, sandy land, a bargain at \$75.00 per acre.

Section near Oklaunion, most all in cultivation, one of
the best sections in that part of the country, priced at
half what it is really worth. If interested, will make
price.

62 1-2x160 foot lot on paved street, well located, a bar-
gain for some one who wants to build a nice home.
Priced right, I own it.

I also have some of the best of the Rio Grande Valley
lands around Mission and McAllen to offer at attractive
prices. This is the future competitor of California in
all kinds of citrus fruits.

**GO TO
THEATRE**

(At More's Theater)

Today "Too Wise Wives."
The play tells the story of a wife who
risked her husband's faith in her in
order to win back an old sweetheart
who had happily married. Two kinds
of wives are contrasted. The one who
does everything she knows will please
her husband, and the one who does the
things she thinks should please him.
One fails where the other succeeds,
and the one who fails is the faithless
wife.

Wednesday, Carmel Myers in
"Cheated Love."

Sonya was a Russian maiden who
had come to this country unwillingly
because she had been forced to leave
behind the Mischa, to whom she had
given her love. She became a cog in
the great wheels of American industry
and David, the settlement worker, be-
came interested in her, and later more
than just interested. When Mischa
finally came to this country, with the
help of Sonya's hard earned savings,
he found a rival, and one with whom
he did not compare favorably in the
eyes of his sweetheart. When the
time came for her to decide between
them she found it impossible to forego
the unselfish love of David for the
selfish love of her countryman.

Thursday, Viola Dana in "Home
Stuff."

The star has the role of Madge Joy,
a cheap road shoe girl who comes to
"the end of her row" in a little coun-
try village. Chance puts her way
both the refuge of a cozy farm and the
love of a farmer boy. Then fate enters,
and brings back an old acquaintance of
hers, Susane Deep, a stage street girl
who has fled from the very home in
which Joy was adopted. Men's complica-
tions and thrills ensue.

At The Pictorium

Today, Constance Talmadge in "A
Temperamental Wife."

Wednesday, Eugene O'Brien in "The
Last Door."

"The picture tells the story of the
"Magnet," a notorious thief whom the
police have constantly pursued but
never caught. He is a thorough gentle-
man, famous for his chivalry and oper-
ates entirely for the sake of adventure.
He continues his perilous practice
until suddenly the gravity of his of-
fenses is thrust upon him by the girl he
loves, and he realizes he cannot be
permanently happy with her until he
ceases to be an enemy of the law.

Thursday, Wanda Hawley in "The
House That Jazz Built."

All was not going well in the Rodham
household. It begins to be evident
when the first keyhole found its way in.
And when the young Mrs. Rodham
began lying abed until noon, and the
living room began to look like a cabaret,
there was no longer any doubt of it.
Jazz had Cora in its clutches and when
Jazz enters by the door love flies out
at the window, this young couple dis-
covered. You may be sure or a hearty
laugh over the doings of these newly-
weds.

Your picture will look much better

lene Christian College.

**DRESSER IS MENTIONED
AS ENVOY TO GERMANY**

Loring Dresser, American Commis-
sioner in Berlin, is the latest to be
mentioned for the post of Ambassador
to Germany when diplomatic relations
between the two countries are resum-
ed. During the difficult period when
it was thought necessary to look after
American interests in the German cap-
ital, at a time when America was
neither at peace or war with that
country, Mr. Dresser worked hard for
America's interests.

**THIS GIRL WILL "SELL"
SELF TO GET EDUCATION**

The yearning of this attractive
twenty-year-old Chicago girl for an
education has caused her to offer her-
self "for sale" in marriage for \$3000.
The offer comes as a climax to a fi-
tful struggle to raise money in other
ways. She tried clerking, bookkeeping,
salesmanship and nursing. After care-
ful calculation of the expenses of a
course through college, Miss Peterson
"priced" herself at \$3000. She pre-
fers a tall husband and states she will
marry at once if necessary, but would
rather wait until she had graduated
from college.

WRITES PARENTS OF TERRIBLE WOE IN SAN ANTONIO

Louis Heinemeier In Midst Of
Rushing Waters In Stricken
City—Rescues Three Women
and Six Children From Flood
—Barely Escapes From Room
Before River Sweeps In.

Those who possessed relatives on friends residing in the vicinity of San Antonio have been especially interested in the flood reports coming from that area. Louis Heinemeier, son of Rev. and Mrs. L. Heinemeier, living about fifteen miles southwest of Vernon, has written his parents of his harrowing experiences during the disaster. His father, believing that these would interest Record readers, has submitted the following extracts from his son's letter:

You, no doubt, received my telegram. I sent it because I knew if you would hear about that most disastrous flood that ever came upon San Antonio and vicinity would cause you to worry about me.

Everything Taken By Flood.

"This flood was the most awful thing my eyes have ever witnessed. I had removed from S. Almo to Trenton Avenue, hence lived where the flood raged most fearful. I have lost all and everything. Had about 200 books and the S. A. river took them along. Every piece of clothing, my two new suits, hats, caps, shirts, collars, shoes, underwear, all those photos so dear to me, letters, Kodak album, animals—I have not been able to save anything.

"About 11:30 p. m. it commenced. I lived about twenty paces from the river. Already for two or three days it had rained heavily. About 9 o'clock there was a cloud burst; only about three miles above us. And then the water—Oh, how awful!—and floating on the surface that nasty oil! The Elliot-Jones Oil Co. tanks overflowed. At twelve the nearby bridge gave away, and, very fortunately, this woke me up. The water was already in my room. Altho our house stands four feet higher than the street it was soon surrounded by nineteen feet of water. The water rose so fast that I could just put on my bathing suit and leave the room wherein the water reached a level of ten feet. And then the screams of women and children!

Rescues Others

"Fortunately I could swim, otherwise I would have perished. I saved three women and six children from the flood, and they are all living. Saving one after another I sank under several times but never let me go. Till 4:30 I was in the water; cold, oily. My feet were cut by barb wire and other objects so that I can hardly walk in the morning I went down to the bank.

"Here the water had risen ten feet. Almost everything ruined. I worked two days and three nights in succession. Always had plenty to eat, as the Red Cross provided us with all we wanted. Houston and Commerce, the main streets, you ought to see now.

Misery In City.

"There is now much misery here. Thousands are without shelter, clothing and food. I have seen many dead. If it had not been for the help of the soldiers from the nearby camps the death toll would be far greater. The material damage is estimated at ten millions for the business district only. I could keep on writing for hours longer—but, please, do not worry about me; I am alright."

TOO MUCH OF A GOOD THING

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.

BOATS WITH RESCUERS RUSH TO AID FALLEN ZR-2

Hardly had the ZR-2 hit the water when small boats filled with eager rescuers rushed to the middle of the Hummer River, where the airship lay. But the best efforts of these willing workers was largely in vain, the calmness of the wreckage holding back the work of rescue.

PART OF COUNTY VISITED BY RAIN

SHOWERS SUNDAY CONFINED MAINLY TO NORTHERN PORTION.

Rain Sunday afternoon and evening proved of material benefit to a portion of the county, and helped to alleviate the drought experienced here during a major part of the summer. Heavy clouds came up from the north about 3 o'clock in the afternoon, and Vernon was drenched with a downpour which lasted about twenty minutes.

In the evening the shower was resumed locally, and continued nearly an hour. Reports from the country indicate that the rain did not cover a large area. Tolbert reported no precipitation whatever. At Fargo there was a good rain which extended about three miles north of that community.

Cotton Picking Confined

Cotton picking was not halted by the showers which were no heavy enough to materially stain any of the crop. The rain was of great benefit to wheat land. According to county agent a great quantity of rain is needed locally to thoroughly saturate the ground.

Hubert Sewell has gone to College Station where he will enter his freshman year in Texas A. and M. College.

PROGRAM ARRANGED FOR B. Y. P. U. MEETING SUNDAY

The regular monthly meeting of the Senior B. Y. P. U. or the Baptist Church will be held Sunday night, September 25, beginning at 6:30 o'clock. The subject of the lesson to be studied is "The B. Y. P. U. and Missions," and Miss Alice Lane will be leader. The following program has been arranged:

Song and prayer, followed by the scripture lesson which will consist in a missionary verse by each member present; introductory talk by leader; "Missions required by the standard of excellence," May Duncan; "Studying Mission Text Books," Ethel Haney; "Our Plans For Giving," Ernest Hawkins; music, Clarence Teel; "Giving to Special Causes," Mrs. Mattie Evans; "B. Y. P. U. and Missions," Oscar Vaughan, piano solo; Miss Mattie Lane; "How To Make Our Work Effective," Fay Hogsett; poems, Cleo Powers and Clarence Teel; song and benediction.

Former Vernon Pastor Here

Rev. J. P. Riddle of Newcastle, former Vernon pastor, filled the pulpit in the Baptist church here Sunday night. Mr. Riddle was a minister here at the time the local Baptist church was built. The former Vernon pastor will go to Paducah shortly in answer to a call for the church there. He is in Vernon visiting his daughter, Mrs. Fred Newth.

Miss Mildred Coung will leave tonight for Dallas where she will be a student in the S. M. U. this year. She will visit two days in Fort Worth on the way there. Miss Eula Morris will join her in Fort Worth tomorrow night and will enter S. M. U. at the same time.

For sale—Underwood and Woodstock typewriters at bargain prices, cash or terms. Wilbarger County Abstract Co. 72-3tc

Mrs. Mary Swayze of Wichita Falls arrived in Vernon Sunday afternoon. She has been employed by Drs. M. J. and W. R. Moore as superintendent of the sanitarium which has just been completed by them. Arrangements are being made to open the hospital at an early date.

Now You Can Get MAG-LAC For Your Teeth

The good old remedy, "Milk of Magnesia" which your dentist tells you to use for a mouth wash to overcome "acid mouth" can now be had in a pleasing tooth paste.

MAG-LAC

makes the teeth beautifully white and at the same time counteracts "acid mouth." It tones up your mouth and gums.

KEEP YOUR TEETH

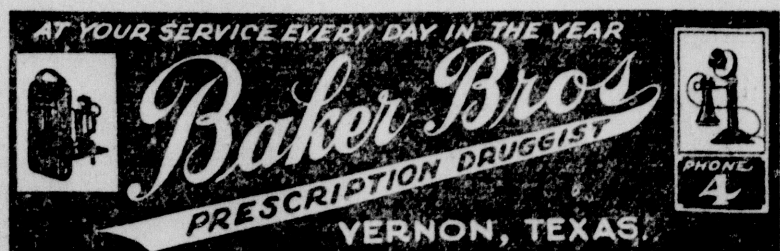

—they were meant to last a lifetime but "acid mouth" slowly dissolves the enamel and causes tooth decay. Help your teeth to last as long as they should—start using Mag-Lac today.

Large Tube 50c, Lasts 11 Weeks

ON THURSDAY, SEPTEMBER 22ND.

after 1 P. M. we will give a tube of
MAG-LAC

tooth paste to the first 144 adult persons who come into our store.

North Side of Square

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

Camel

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

KFFP POSTED ON WILBARGER COUNTY NEWS

TO THE FARMERS OF WILBARGER COUNTY

It has been reported to us that some of the Farmers over the county understand we are against the Farm Bureau Association, and as we can not see all the Farmers we take this method of DENYING the above statement.

WE ARE NOT AGAINST the Farm Bureau Association. In fact, we ARE FOR IT if it is a good thing for the farmer. But we have never endorsed the Farm Bureau, nor have we ever condemned it. We have always asked the FARMER to USE HIS OWN JUDGMENT, as we knew nothing of the responsibility of the leaders of this Association, and we did not care to recommend to our customers something that we KNEW NOTHING OF.

WE HOPE IT IS A GOOD THING, but we would not advise the Farmer to turn ALL HE HAS MADE for the past two years into the hands of people we knew nothing of, and nothing as to their responsibility. If the Farmer wishes to do this, THAT IS HIS PRIVILEGE. We have no objection, and hope the Farm Bureau will prove to be a profitable organization to the Farmers, as we ALL DEPEND ON THE FARMER, from the President to the Grafters.

IT HAS ALSO BEEN RUMORED that we furnish the street buyer money to buy cotton and get half he makes. THAT IS ABSOLUTELY FALSE. We furnish them money to buy cotton and they pay 10 per cent for the money, just as all banks over the country charge—and THAT'S ALL their profit we receive.

NOW THE ONLY SUGGESTION we have to offer to our customers is for them to sell enough of this 18 cent and 21 cent cotton to get their creditors eased up, and then do what they please with the rest.

WHAT KIND OF ROADS

It is well that we ask ourselves
 what kind of roads Wilbarger county
 will have in case the proposed road
 bond issue should fail. One feature
 of the proposition which many are over-
 looking is that \$50,000 of this money
 is to go to each commissioner's pre-
 dict for the construction of bridges
 and grades.

Some voters may ask why it is nec-
 essary to have this \$50,000, when work
 has progressed so well during the last
 six or eight months without any bond
 money. In that question lies the
 answer to the former.

Work on the roads was imperative
 if they were to be at all possible in
 many quarters. For that reason the
 county court found it necessary to use
 road money ahead, and if we are not
 incorrectly informed—all work on the
 roads of the county must stop for an
 indefinite period unless this bond
 money becomes available. And that
 term "indefinite period" means well
 into next year.

BETTER THAN 1914

Few of us would willingly go back
 to 1914. Yet it is sometimes hearten-
 ing when we are told by the Secretary
 of Commerce and Labor that there are
 fewer men idle than in that year. The
 statement means more, too, when we
 understand that during the war not
 only were all the men available rushed
 into industry, but thousands of women
 were likewise employed.

Then with the end of the war and
 demobilization of the armed forces, is
 it any wonder that there is a regret-
 ably large army of unemployed? It is
 a good sign, however, that fewer men
 are without work now than was the
 case sixty days ago. And with the be-
 ginning of many public works it may
 reasonably be expected that the num-
 ber will continue to grow smaller.

Fortunately, there are few men in
 Wilbarger county or Vernon who do
 not have work to do.

A WELL-EARNED HONOR

The offer of Governor Neff to ap-
 point W. N. Stokes assistant attorney
 general is a recognition of merit which
 could not be given a more worthy law-
 yer or more public spirited citizen.
 Mr. Stokes is one of the pioneers of
 Vernon, having cast his lot with the
 community when the town was much
 more insignificant than now.

Be it said to the honor of the man
 that he has never shirked a call of
 his fellows, working just as hard for
 the general public in civic matters as
 for his clients in the law. To lose Mr.
 Stokes would be very unfortunate for
 the community. His appointment as
 assistant attorney general would be a
 distinct gain to the State's legal depart-
 ment.

Six Childress golfers were guests of
 Hill Crest players Sunday on the local
 course, and played during the after-
 noon.

Open Column.

For a number of years I have been a
 close observer of the growth and de-
 velopment of Texas and Texas towns.
 In that time I have learned that the
 citizens of every town and county have
 to have a liberal spirit of civic pride
 and cooperation to make good. I
 knew Fort Worth and Dallas when
 they were small towns. The spirit of
 civic pride and cooperation has made
 them what they are. Dallas has the
 spirit more than Fort Worth and has
 outgrown Fort Worth. The lack of
 that spirit in Sherman is what made
 Denison.

Amarillo has that spirit and is mak-
 ing a city in spite of the disadvan-
 tages of a high altitude and extreme climatic
 conditions. When I moved to this
 town it was a better town in a better
 county than Wichita Falls. For the
 want of that spirit in this town Wich-
 ita Falls has outgrown us and made a
 city. I could name a number of other
 towns in Texas that have failed to
 make good for the want of that spirit.
 If we had had that spirit we could have
 had the Orient railroad. It was offered
 to us on liberal terms, the people
 here rejected every proposition they
 made to us, and as a result, after cross-
 ing Red river, it went nearly due west
 for six miles to keep from coming
 through Vernon. It would have been
 of inestimable value to the town. We
 could have a number of other en-
 terprises if we had gone after them.

We need good roads and should vote
 a large bond issue to build them. It
 would be a great step forward in the
 way of progress. The government pro-
 poses certain conditions to put up one
 dollar for every dollar that the county
 puts up to build roads. Suppose we
 vote the bond issue. I think it should
 be one million dollars. The money for
 which the bonds are sold, as well as
 what the government puts up will be
 spent in the county. The building of
 the roads will give employment to the
 unemployed laborers who will put the
 money in circulation. The saving to
 the farmer in hauling his produce to
 market and the increase in the value
 of land in county in one year would
 be more than the amount of the bond
 issue.

This county needs a good county
 hospital and should vote a bond issue
 for a good one. True, at this time
 there are private hospitals here but
 they will not answer the demands that
 a county hospital would. Wichita
 county first voted a bond issue of fifty
 thousand dollars for a county hospital.
 Last year they voted another bond
 issue for one hundred and fifty thousand
 dollars to build an addition to the one
 they already had. They have it full at
 the time. If we vote a one hundred
 thousand dollar bond issue to build a
 county hospital it would be spent

\$30,000,000 WAR MEMORIAL FOR KANSAS.

John Ettl working on his model of the \$30,000,000 World War Memorial to be erected in Kansas City. President Harding and General Foch will break ground for this memorial, which will take years to complete.

here. Laborers and mechanics would
 get the benefit of it. "Dallas with all
 her magnificent hospitals, is going to
 issue bonds to build a large city county
 hospital. This is not a move by the
 people in the town for their benefit
 alone. There is a mutual dependence
 between the people of Vernon and the
 people in the county. If we could
 make a city of twenty or thirty thou-
 sand people the whole county would be
 benefited by it. It would give the
 farmer a good market for all the pro-
 duce he could make on his farm. The
 population of the country would in-
 crease and the value of land and every-

thing would go up.

The increase in taxes would be very
 little compared to the benefit to be
 gained. We are not living for our
 selves alone, but as a spirit of altru-
 ism should govern our lives in every-
 thing.

We should all get together and vote
 these bond issues and build good roads,
 and build a good hospital and good
 school houses and have an up-to-date
 town and county of which we would all
 be proud.

J. E. DODSON.

What Does the Bank Say About You?

Before Opportunity makes her final decision, she "checks up" on you. She wants to know if you are worthy.

What a reputable bank says about you is often the deciding factor. If you're known at a strong bank as a man of good business habits—a man who keeps his checking account in a healthy condition—and his word likewise—such a statement will go far with Opportunity in deciding in your favor.

"Get in strong" with a strong bank. This bank has a service to offer that will help you grow. The advice and counsel of such a bank is a tremendous asset to you. Drop in some time and ask about it. No red-tape.

POLICY

BELIEVES BOND ISSUE CAN WAIT

J. P. KING SEES BETTER SALE
FOR SECURITIES AFTER
FIRST OF YEAR.

"Good roads are all right, but I'm not in favor of a bond issue at this time," is the expression of John P. King, president of the first Guaranty Bank in regard to the \$600,000 expenditure that is being urged for better Wilbarger highways. Mr. King is of the opinion that bonds would not market at par at this time.

If those backing the movement wait until January 1st, he said, the bonds will be worth a good deal more. If put on the market at this time they will not bring their face value.

Easier To Pay Next Year

Another feature stressed by the banker is the fact that taxpayers will be in a better position to meet their obligations next year instead of this one. The present annum has been a lean one, he said, and in the event the issue carries, taxes on the \$600,000 would have to be paid by the first of February.

If the project waits, he said, paying can be completed and the highways put into use before taxpayers will even be called upon to pay for them.

MORTUARY

September 18, 1921.

Sunday morning at 6:30 Mrs. Harriet Hayes departed this life one year ago. Dead but yet she lives. Her teaching I cannot depart from. Yet she was old and born and reared during the dark period of slavery, but she is more than this world to me. She was the best teacher I ever met. No greater friend this earth could afford. It was she who first made sacrifice that I might live, with all that she has done for me. She taught me of Jesus and his word and led me to His feet. And today I am walking in her way. From the teaching she gave me the plan of salvation and I am so fixed that I cannot fall or stray. But, oh how bitter was that hour when I had to part with her, my all and all, the life of all my joy, the corner of my heart. If I could climb to yonder's height and push Heaven's gates ajar, and view God's plans and ways, then mystery of this world would only be a wave. Then I could clearly see why that it was best that my mother was taken from me. Gone but yet she lives, how charming in my eyes the spot which she lies, but there is no greater hope than this my soul does cherish. Let her be the sweet bye and bye, where joy has no end and loved ones forever sing "Glory be to the new-born King." Where all is bright and fair in the palace of the King, I'll grasp my mother's hand.

Final honors to the dead of the wrecked ZR-2 at Hull, England, were made notable, as the photo shows, by full military ceremonies. Tributes to the Americans who lost their lives were many and no less heartfelt than were those to Britain's own.

T. C. U. FOOTBALL SQUAD VISITS HERE

MEN TAKE WORKOUT ON GOLF
COURSE AND LATER
ATTEND DANCE.

Vernon was visited Saturday by Coach Lloyd Driver and eighteen of his football squad from Texas Christian University. The players and their mentor were on their way to Amarillo where they will meet Northwest Texas State Normal in a game next Saturday.

Coach Driver and his men were met at the depot Saturday afternoon by local cars, and were escorted immediately to Hill Crest Country Club. The squad was put through a brisk practice on the golf course, and showed good early season form. There was forward passing, and signal practice, but extremely hot weather and the hard ground prevented scrimmage.

Have Speedy Team.

T. C. U. will probably make up in speed what it lacks in weight this year. The line is modestly heavy with the backfield comparatively light but the men are fast on their feet and handle the ball fairly well. The squad has finished two weeks of practice and next week will enter school.

After practice Saturday the men were given a dinner at Hill Crest. The club dance was given later in the evening, and many of the visiting players remained for the occasion. The squad left early Sunday morning for Amarillo.

Lovlier Than Ever

will be your judgment of the new dress goods which we have now in stock. Even the amateur dress maker will be inspired to "Create" a frock when she has looked over the rich cloths and the lustrous silks which are characterizing the new season.

CANTON CREPE

has lost none of its popularity since the spring season, but instead is presented in a greater variety of colors and shades. A frock made of this material will give you the assurance of being well dressed—Don't fail to consider it in making selections.

STRIPES AND CHECKS

are desired materials just now for separate skirts and jumper dresses. The skirt goods are of fancy striped patterns. Bright red flannel is also among our jumper dress materials, all of which come in 56-inch widths.

SERGE, TRICOTINE AND POIRET TWILL

For the street dress and the tailored costume have their place of prominence in the showing of fall materials. These weaves come in a variety of grades and colors and make suitable dresses for the junior, the miss or the matron.

SILKS FOR CHILDREN

Come in small checks this year. They may be had in red and white, navy, white, copen and white, green and white, brown and white, and black and white. These are dainty materials as are the small misses for whom they will be made up. Black and white checks may also be had in all wool.

GINGHAMS

For early season days and especially for school during the first two months of fall, nothing can be better. Especially attractive is this inexpensive goods now that it is being made in such pretty patterns. We have it for 10, 12 1-2, 20, 25, 35, 50 and up to 69 cents per yard. You will have no trouble in finding pieces to suit both your taste and your pocket book. We have all these dress goods on our shelves at the present time. Come before they are picked over.

CROW SISTERS

W. M. BOWMAN WILL INFORM FARMERS ON BUREAU SELLING

Directors Select Agent To Dispense Information Concerning Method Of Disposition And Drawing Money—Wilbarger Farmers Receive Certificates Of Membership.

W. M. (Bill) Bowman has been selected by the directors of the local Farm Bureau to give information to county farmers concerning the method of selling their cotton and drawing money from the Association. His office has been temporarily placed at the local warehouses, but may be moved shortly to the commissary.

Mr. Bowman was put in charge of this work Saturday. He will dispense this information to all members of the Farm Bureau.

Farmers Receive Certificates

According to J. R. Caldwell, president of the county Farm Bureau, practically all of the farmers in Wilbarger who signed contracts received last week their certificates of membership. This means that all cotton in the future must be turned over to the Farm Bureau or the contract will be violated.

About 300 bales were delivered to the Farm Bureau Saturday, and practically 350 bales are in the warehouse here. Much is being held in the county, also, awaiting the completion of arrangements by the Bureau for marketing cotton.

Interest in the Farm Bureau on the part of Wilbarger farmers is constantly growing, Mr. Caldwell asserted. A considerable number are joining the organization from time to time.

District Cotton Moving

T. M. Haney, president of the Ford county bureau, in a telephone message to Vernon Saturday, stated that Farm Bureau cotton in each of the twelve counties comprising the district of which he is director, is moving.

The importance of abiding by the contract signed is emphasized by Mr. Caldwell. For example he quotes an instance of an Oklahoma farmer who chose to sell his cotton outside the Farm Bureau. He was asked to task by the Bureau and given his choice of prosecution or buying the bale back. He chose the latter method and paid not merely a fine of five cents on each pound of cotton, but was obliged to pay three cents a pound more for the cotton than he had received for it. The entire transaction cost him in the neighborhood of fifty dollars. The contract drawn with the Farm Bureau is inviolable, Mr. Caldwell stated.

CHEERFUL WORDS

For Many a Vernon Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Vernon readers.

Mrs. J. T. Saunders, East Texas St., Vernon, says: "I know just what Doan's Kidney Pills are for I have used them on different occasions, when I was in need of a kidney remedy. When my kidneys have been a little out of order or my back has ached from doing my housework I have taken Doan's Kidney Pills and they have always given me splendid results. Another member of my family has also used Doan's Kidney Pills and had good results and praises them highly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Saunders had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MRS. HARDING STOPS FRIEND FROM SMOKING.

Mrs. Harding & Mrs. John T. Pratt.

Mrs. Harding restrains Mrs. John T. Pratt from smoking a cigarette when the cameraman takes their photograph. The photograph was made while Mrs. Harding and Mrs. Pratt were strolling on the lawns of the Piping Rock, Long Island, Country Club, while the President was playing an eighteen-hole foursome.

I AM KING COTTON!

I am King Cotton! When I nod my head and shake my white tresses thousands of men, women, and children hasten to care for me. I require ten long hours of unremitting toil, my person must be carefully guarded, and I must be shielded from the hot rays of summer and the chilling blasts of winter.

My habitation must be one that is carefully guarded. I do not thrive in dampness or dirt. When I wave my mystic wand my journey commences from farm to palace. Thousands at my bidding speed. I sustain life in the bodies of young and old, rich and poor.

I yield a living to the man in the field, the girl at the spindle, and the merchant at his counter. In the event that I am not carefully guarded at all times I bring misery to all of these and millions more.

Through my grace the world is clothed. When I am present there is cheer and comfort, and when I am gone there is woe and suffering. I travel to the farthest corners of the earth and visit the hovel of the beggar and the mansion of the nobleman. Both are equally glad to see me. I find welcome from both the washer lady and the queen of the realm.

I make and break fortunes. Through my influence vast sums are gleaned by individuals who have faith in my power to sway the world. When confidence in me wanes, many are made penniless.

Each year I hold court in the late summer and fall. My attendants pray

that fair weather may grace the ceremonies. I am carried hither and you that all may see and enjoy the blessings I bestow. Under the bright moon at night my servants are busily working, my messengers rumble their way to the gins where I am ginned for market.

I rule the South, nay—I rule the nation, the entire universe. I am omnipotent, I am—King Cotton.

Phenomenal Growth Of

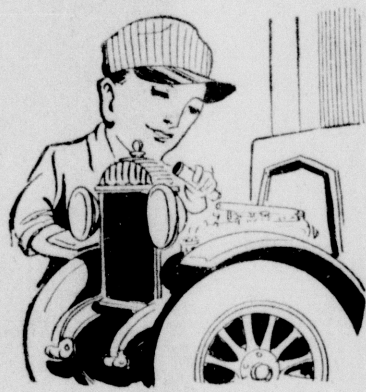

English Language in 100 Years.

Few realize the tremendous growth of the English language during the nineteenth century. Based on the tables of Mulhall and Bartholomew, of Edinburgh, the following statement is of meaning:

	1801	1901
French	31,450,000	52,100,000
German	30,320,000	84,200,000
Italian	15,070,000	34,000,000
Spanish	26,190,000	46,500,000
Portuguese	7,480,000	15,000,000
Russian	30,770,000	85,000,000
English	20,520,000	130,300,000

SEE US AT OUR NEW HOME

In our new home, at the Corner of Maiden and Fannin Streets we are better prepared than ever to give you the excellent SERVICE that we have made one of the paramount foundations of this company.

We are carrying in stock now every kind of lumber, building material, builders' hardware, plaster, cement, paints, oils, screen wire, windows, doors and Beaver Board.

In fact we pride ourselves on keeping for you everything that goes into a building from the smallest nail to the largest timbers.

We will be more than glad to meet all of our old customers and many new ones in our new home.

We show you the same courtesy, service and fairness be your bill for 5 cents or \$1,000.00. "QUALITY AND SERVICE" is our motto.

W. E. THOMAS Lumber Co.

Corner Maiden and Fannin Streets Vernon, Texas

Protect What's Worth Keeping

"If a thing is worth doing, it's worth doing well"—and if a record is worth keeping, it's worth protecting.

The records of business are many and varied—some are priceless, others of value, and many of temporary use only. Often and at the end of each year the elimination is made. Of what value are records when they cannot be found? Or if they are ravaged by mice and vermin, dust and dampness? Or if they are consumed by fire, or destroyed by water?

The value of records in your business as definite, written documents lies in their safe-keeping. You cannot insure them. You realize nothing when they are gone. You are helpless.

Insure them, then, in ART METAL. Give them the protection they need as the most important element in your business. ART METAL will secure their safety, from a two-inch toll ticket to 48X36-inch drawing, all in a uniform battery. The cost is reasonable, too.

BUSINESS STOPS AS SCHOOL OPENS

167 STUDENTS ENROLL AT HARROLD WITH THIRTY-SEVEN IN HIGH SCHOOL.

Business was suspended at Harrold when the school opened Monday. Everybody went to school.

One hundred and sixty-seven students have already been enrolled, thirty-seven of which are in the high school.

Members of the school board, teachers and patrons of the school took part in the opening exercises. Miss Thelma Smith of Vernon, teacher of English, delighted the assembly with her readings. Miss Jessie Dell Haney of Waco, teacher of music and expression, also delighted the audience with her readings and piano selections.

"Conditions are very favorable for a successful year's work," says superintendent R. S. Covey. "The new temporary high school building was completed last Wednesday. This relieves crowded conditions which existed last year."

"Bonds have been voted for a new brick high school building, but they could not be disposed of at a figure satisfactory to the trustees, and a temporary building was erected."

"Application will be made for first class classification and affiliation with the State Department of Education this year. Eight teachers are employed, all of whom live in the new teaching which was erected the past summer. The building is two stories high with conveniences."

Harrold Parent-Teachers Organize.

Twenty Harrold women enrolled as charter members of the parent-teachers' association organized in that community Friday afternoon. Mrs. F. D. Little is president; Mrs. R. Sanderson, vice-president; and Mrs. R. S. Covey, secretary-treasurer. The women insist that every effort is going to be put forth to make this the best year that the Harrold school has ever had.

Culture Club Calls Meeting.

A call meeting of the Culture Club was held last Friday for the purpose of reorganizing the list of members, outlining the year book and making plans for resuming the work of the organization after the summer recess. The first regular meeting will be held next Tuesday afternoon at the home of Mrs. H. K. Greever.

To Give Bridge Party.

Mr. and Mrs. Joe Parker will entertain with seven tables of bridge at their home this evening.

CAN PLENTY OF CHERRIES FOR PIES NEXT WINTER!

Sweet white and large black cherries are usually canned unpitted, but acid cherries ordinarily are pitted before canning. Unpitted cherries present a more attractive appearance, and many like the flavor the pit gives to the product. The following directions for canning this delicious fruit are given out by the United States Department of Agriculture.

If cherries are to be canned whole plunge them for twenty to thirty seconds in hot water. This prevents splitting. A syrup for sweet cherries may be made of 3 1/2 pounds of sugar to 4 quarts of water. Pack cherries, whether pitted or unpitted, in one-half inch of the top in jars which have been boiled fifteen minutes. Fill jar with syrup and put on rubber which has been for fifteen minutes in a solution made from one tablespoon of soda and one quart of boiling water. Remove top from water in which it boiled for fifteen minutes and place on jar. Partially seal jar. (With glass top can, put one ball in place. With screw top jar, screw half way on.)

If stem pressure cooker is used, place jars in cooker and process quart jars twenty-five minutes. When a commercial hot water bath canner or a home-made one is used, place the jars, after partially sealing, in the canner on a false bottom. Water should cover the jars. Do not start counting time until the water is boiling. Process quart jars for twenty minutes. When processing is finished, remove jars, complete sealing, test for leaks, and store in a cool, dry place. If the jar leaks, remove rubber and put on new wet one and process fifteen minutes more.

NATIONAL COMMANDER OF MEDAL OF HONOR WEARERS

Patrick Kyle

In the United States there are of all its 100,000,000 population just fifty men who are entitled to wear the Congressional Medal of Honor. The photograph shows Patrick Kyle, of Boston, the national commander of the organization embracing the fifty people who are entitled to wear the coveted honor medal.

JUDGES SEYMOUR LIVESTOCK

County Agent Enthusiastic Over Cooperation And Enthusiasm Displayed At Fair

Guy R. Jones, county agent, assisted last week in judging the livestock exhibits at the Seymour fair. Mr. Jones was enthusiastic over the displays and remarked that they were fully ten times as many cattle as were shown in the Wilbarger fair. It required a day and a half to make awards at Seymour whereas the last exhibits required but four or five hours. There was an especially fine showing of Hereford cattle at Seymour.

Riders from all over the section competed in the rodeo held at Seymour. Five thousand dollars in prizes attracted these from over a wide area and the event was truly a feature. A considerable number of Vernon residents attended the celebration at Seymour.

COTTONSEED BRINGS HIGHEST PRICE OF ENTIRE SEASON

Cottonseed in Vernon is now bringing \$32 at the gins, this price going into effect last Saturday. This is the highest price paid here this season. The cotton market opened this morning at 20 1/2 cents, with some cotton bringing 21. This noon, however, it sank to 19 1/4 which was the figure at closing.

Vernon gins to date have ginned 2,685 bales. Ginnings today are the following: Vernon Gin 40 bales, Farmers 60, bales, Peoples, 50 bales, and Planters 54 bales.

Entertains Monday Club.

Mrs. Joe Parker was hostess to the Monday Bridge Club yesterday afternoon. Club members present were Mrs. Howard Timberlake, Mrs. Everett Haney, Mrs. Dee Norwood, Mrs. Harry Colley, Miss Johnnie Mallow, Miss Robbie Standifer, and Miss Donnalita Standifer. Mrs. C. M. Caraway was the only extra guest. Mrs. Colley won the club prize for high score and Mrs. Caraway was given a guest favor. A plate lunch was served.

ASK CONFEDERATES TO ATTEND REUNION

COMMANDER OF TEXAS BRIGADE ISSUES APPEAL TO ALL VETERANS

A call for all Confederate organizations has been issued by the commander of the 13th Texas Brigade to gather at the reunion which will be conducted next month in Chattanooga. An effort will be made to place Texas supreme in the ranking, and all veterans or their relatives are urged to participate. Following is the appeal issued by Guinn Williams, commander of the 13th Texas Brigade.

The Confederate Veterans, The United Daughters of the Confederacy and the Sons of Confederate Veterans. The Reunion meets at Chattanooga the last week in October. We have now a short time in which to organize, nevertheless, we are going to try and make this, the Thirtieth Brigade, the banner brigade in the entire organization of the Sons of the Confederate Veterans.

Want Banner Brigade.

"The Hon. Edgar Sears, of Wichita Falls, Trans-Mississippi Department Commander of the Sons of Confederate Veterans, and the Hon. Lon A. Smith of Austin, Commander of the Texas Division and I, as Commander of the Thirtieth Texas District of the Sons of Confederate Veterans are very anxious to make this the Thirtieth Texas Brigade, the banner brigade in the entire organization."

"I am anxious to assist in any way I can to help organize chapters of the U. D. C. and camps of the S. C. V. in all places in the District and ask that you write me, a Confederate Veteran, the daughter or grand daughter of a Confederate veteran of the son or grandson of a Confederate veteran and let me come to your town and help organize a chapter of the U. D. C. or a camp of the S. C. V."

"Our fathers, those brave old men who fought so bravely and sacrificed"

AT NINETY IS DEAN OF AMERICAN LAWYERS

William Graham

Dean of the lawyers in the United States is the distinction possessed by William Graham, of Dubuque, Iowa, both in point of age and in active practice. Hale and hearty, he recently celebrated his ninetieth birthday and his sixty-fifth anniversary as an attorney-at-law. He celebrated both events by engaging in actions in the District Court of Dubuque.

GAME WITH WICHITA FALLS NOT DEFINITELY ASSURED

Coach J. A. Morrow of Vernon high school is not certain that the football game scheduled for Saturday with Wichita Falls will be played. The city aggregation intimated a day or two ago that they would play Vernon later in the season, if possible, and Mr. Morrow does not deem this sufficient assurance. The game Saturday will not be played unless Wichita Falls agree to come here at a later date.

Definite arrangements have been made for a game with Quannah her October 22.

WHO IS NOW AFRAID OF COFFEE

People once were afraid of the steam engine. "It will blow up"—"It will jump the track"—they said. But we all know better now.

Time has disproved many old fallacies. Yet, some good people still believe that coffee doesn't "agree" with them,—a popular delusion encouraged by competitive products.

There are many food fads. Some think they can't eat bread,—some think they can't eat potatoes. There is probably no food that can be said to agree with everybody.

In reality—coffee is more healthful for more people than any other beverage. It is consumed in greater quantity.

NUMBER 72

VOLUME 13.

OCTOBER 29 SET AS DATE FOR ROAD BOND ELECTION

Commissioners Court Issues Proclamation Saturday Setting Forth Project In Detail—Recommend Adoption At This Time—No Increase In Tax Levy For This Year.

County Commissioners Saturday set the date for the proposed \$600,000 road bond issue election for Saturday, October 29, and have issued a proclamation concerning the event and setting forth their views on the entire proposition. The proclamation furthermore specifies in detail the manner in which the money will be spent, and ends conclusively the arguments which have been rife over the county in this regard.

One specific statement made is to the effect that no tax levy will be made for this purpose during the year 1921. This has been one big objection to the proposition on the part of many taxpayers. In answer to the charge made that the bonds will not bring par value county officials offer the assurance that they will bring 90 cents on the dollar if sold tomorrow.

Following is the proclamation issued by the commissioners' court and signed **Order Of Election**

To whom it may concern:—
“The Commissioners Court of Wilbarger County, Texas, has today ordered an election for an issue of County Road Bonds, in sum of \$600,000, \$24,500.00 of which is to purchase district roads in Ward Precinct No. One, and \$555,500.00 for further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout said county and said Court proposes to construct concrete or other hard surface roads including necessary drainage structure, 2 miles further towards Oklahoma; 2.3 miles from city limits on and with Wilbarger street to S. W. corner of Fair grounds thence northwest to Pease River bridge, 1.2 mile from north end of said bridge on Highway toward Chillicothe; 1.5 miles south from city limits to Paradise Creek on road to Seymour; 1.7 miles north from city limits to lower Pease river bridge and one half mile from north end of said bridge to top of hill on road to Fargo or purposes to further extend the concrete or other hard surface paving toward Oklahoma and Chillicothe in near equal distances, as far as funds will be available including Federal and State Aid, after setting aside \$200,000.00 for construction and maintenance of roads and drainage structures throughout the county to be divided \$50,000.00 to each commissioner precinct to be spent under the discretion and direction of the Commissioner of the respective precincts subject to the approval of the Commissioners' Court.”

“We think this is a reasonable proposition and are willing to recommend its adoption at this time, for among other reasons we do not have money to do the necessary work, but leave it to the judgment of those entitled to vote at said election.

“To pay off said bonds issue in 36 years in the event it should carry, I will increase the County Tax Rate about 35 cents on the \$100.00 valuation to begin with, on present assessment, but no Tax Levy will be made or have to be paid for the year 1921.

BEGINS VOCATIONAL TRAINING

Robert January Goes To Arlington To Take Advantage Of Year's Scholarship

Robert January, son of Mr. and Mrs. R. A. January of the Hank Hill District, left Saturday night for Arlington where he will attend Grubbs Vocational School. The lad will spend a year in that institution by virtue of having won a scholarship last year by producing the largest yield of grain sorghum of any club boy in the State.

The fortunate boy is well known in the county, and has taken a prominent part in club activities for some time.

HUNDREDS AID IN SEARCH FOR WOMAN WHO HAS VANISHED

Mrs. G. C. Hill, Wife of Local Contractor, Has Not Been Home Since Yesterday Morning—Is Suffering From Wound On Head—Parties Drag Near-by Bodies of Water.

Searching parties comprising several hundred men are scouring Vernon and vicinity for some trace of Mrs. G. C. Hill, wife of a local contractor, who has not been seen by relatives or close friends since she left her home yesterday morning about ten o'clock. Mrs. Hill's action is credited to a shock she received a week ago while attending the funeral of J. A. Baker.

At that time, in company with a friend, Mrs. C. A. Kressenberg, Mrs. Hill drove to the cemetery in Mrs. Kressenberg's car. Endeavoring to avoid a wagon near the entrance, Mrs. Kressenberg was obliged to drive into a ditch and the force of the impact jolted both occupants of the car severely.

Has Been Nervous.

Since that time she has been extremely nervous, and has complained often of headache. Yesterday morning she left her two little boys in the keeping of her sister and was seen by acquaintances in the business section of the city. She is said to have been in the Wide-Awake store where she made a purchase of a hair net.

Stories concerning her late whereabouts are somewhat conflicting. She is said to have passed by the Bennett and Rogers Filling Station during the morning, and Perkins Craig, an employee of the Kell Mill, saw her near the Frisco round house soon after ten o'clock. A report has reached the family that Mrs. Hill was seen by a little girl about three o'clock in the afternoon to get into a cotton wagon near the Frisco tracks. She is said to have been without a hat when she was seen.

Was In Drug Store

According to Harry Simons, pharmacist with Baker Bros. Drug Store, Mrs. Hill came into that establishment shortly after 3 o'clock in the afternoon yesterday and made some trivial purchase of five or ten cents for which she paid for with a check of one dollar. This report has confused the searchers who have been inclined to the theory that her disappearance has been somewhere west of town.

Mr. Hill was busy at Oklahoma Monday, and was unaware of his wife's absence until his return in the evening. A search was at once begun and has been relentlessly pursued since. Plans are under way to drag the river and all bodies of water in the vicinity of Vernon. More searchers are being continually added to the quota, and every clue is being hard pressed.

Mrs. Hill is described as being heavy set, weighing about 160 pounds, and not very tall. She has brown, curly hair and blue eyes and is 27 years old. At the time of her disappearance Mrs. Hill was dressed in a brown jumper suit and had on a pongee silk waist. She wore a little, striped hat and brown velvet, brown hose and low quarters with military heels.

Call Mass Meeting.

A mass meeting of Vernon citizens was called this afternoon at 1:30 for the purpose of organizing the search for Mrs. Hill. Those aiding in looking for the lost woman were given details of her disappearance, and informed that if she were found five blasts will be sounded on the fire siren.

It has been absolutely established that Mrs. Hill was seen in Vernon going West on the Frisco tracks in the morning. P. L. Brown, a painter, who knows Mrs. Hill well, saw her at the postoffice at 1 o'clock yesterday afternoon, he says, and chatted a few moments with her. At that time she was in a Ford truck with another woman and several children.

Miss Eilman Returns

Miss Rose Eilman, Wilbarger county Public Health Nurse, returned to Vernon Friday morning from a month's vacation trip to California. She visited relatives and friends in Los Angeles, Santa Anna and San Francisco, and returned by way of Salt Lake City and Colorado Springs where she stopped for brief visits.

AMUNDSEN PREPARING FOR SEVEN-YEAR EXPEDITION

Captain Roald Amundsen, the famous explorer, has arrived in the waters off Seattle, Washington, in his exploring ship, *Maud*, to be fitted up for a new dash to the North Pole. After having her propellers replaced the ship was loaded up with provisions and material for his next expedition, which Captain Amundsen said he expected would take about seven years. The illustration shows the good ship *Maud* and Captain Amundsen, with his adopted child, Oskenta, who is the youngest of two Eskimo children that he adopted during his last trip North. Above are six members of the Eskimo crew who came back from the North on the explorer's last trip and who will accompany him on his new quest. It was the first time they sailed from the Arctic waters, and they still stick to their furs.

BOOM SWINDLER GETS TWO YEARS

E. E. PENDERGAST PLEAD OWN CASE BUT WAS UNABLE TO CONVINCE JURY

Two years in the penitentiary was the sentence meted out yesterday in district court to R. E. Pendergast who was tried on a charge of swindling. The jury was out only a short time in the afternoon.

Trial of the case consumed all morning, and Pendergast plead his own case. It is alleged that he obtained \$1200 from the First Guaranty State Bank in April, 1920, giving fictitious property as his security. Pendergast is said to have claimed that he owned a barber outfit in Wichita Falls.

Lee Wright, a negro, was given two years in the penitentiary in the afternoon after pleading guilty to a charge of burglarizing Mason Bros. store in Fargo May 14 last. The jury deliberated only a short time on Wright's case.

SAYS BONDS WILL HAVE TO VOTED AGAIN IN 10 YEARS.

W. D. Thornton of Tolbert is against the \$600,000 bond issue for better roads on the grounds that the same amount will have to be spent again in ten years for the same purpose. He regards concrete pavement as unsatisfactory in view of the fact that some of Vernon's paved streets are showing signs of wear.

Another ground for objection on Mr. Thornton's part is the contention that the movement is for the benefit of Vernon. He does not think the entire county will be aided proportionally.

Fire Damages Cotton Bales.

Fire about 3:30 Sunday afternoon damaged two bales of cotton in the local cotton yard. The fire was confined to the inside of both bales and is supposed to have been in the cotton when it was stored here late Saturday afternoon. The blaze was extinguished by the department. A negro farmer living west of town was owner of the cotton.

MISS ROWLAND WEDS BURKBURNETT MAN

DAUGHTER OF PROMINENT FARMER BECOMES BRIDE OF LUMBER DEALER

Miss Abbie Rowland, daughter of Mr. and Mrs. J. S. Rowland of this county, became the bride Sunday morning of Frank Wardle of Burkburnett. The couple were married at the home of the bride's sister, Mrs. Porter Crox Stinnett, on E. Wilbarger street, and Rev. W. T. Rouse performed the ceremony.

Mrs. Wardle has been employed for more than a year ago at the First Guaranty State Bank. Her father, J. S. Rowland, is a well-known farmer living north of town. She received her education in Vernon, and graduated in both the literary and commercial courses at Holcomb Training School.

Wardle Lived Here.

Frank Wardle is from Patterson, N. J., and was employed in the First Guaranty State Bank here more than a year ago. From here he went to Burkburnett, and is now in that city connected with the W. E. Thomas Lumber Co.

The couple left after the ceremony for Burkburnett where they will make their home.

STUDENTS DELAYED IN LEAVING BY LATE TRAIN.

Numbers of Vernon students, scheduled to leave for their respective schools Sunday night, were obliged to wait until 6:40 Monday morning before they could depart. A delay on the Denver road brought the midnight through here almost six hours late.

Those who left for their destination were the following: Miss Dorothy Hicks and Mozelle Parker, Ward-Belmont College; Misses Birdie Hatt, Maudie Ladd, and Jewel Nowlin, T. C. U.; Miss Doris Boger, Crescent College; Carl Robertson, Mistletoe College; A. M. Hatt, Jr., Texas A. and M. College; Damon Shive, Ferrell Military School.

WILBARGER BUTTER WANTED AT FAIR

PRIZES IN THIS DEPARTMENT UNUSUALLY LIBERAL—MUST SHIP SOON.

Residents of Wilbarger county are urged by the home demonstration agent to submit butter for the Dallas Fair this year as prizes in this department are unusually liberal. For five one-pound prints there will be the following prize awards: \$20, \$15, \$12, \$8, \$6, and \$4. For one-pound print they will be \$15, \$12, \$8, \$6, \$4, and \$2.

Those owning a herd from six to ten cows or more are asked to submit five specimens, and those having fewer animals may send in one sample. After the fair butter will be sold to the highest bidder, and the money given to the exhibitor. There will be a premium for the county winning the largest amount of prize money.

The butter must be well wrapped and not packed with other articles. The products should be shipped prepaid express to the Dairy Department, Texas State Fair, Dallas, Texas.

SEES NO OBJECT IN OPPOSING BOND ON EAST SIDE.

There will be no opposition to the proposed \$600,000 bond issue on the east side if the taxpayers in road district number one stop to consider the proposition, in the opinion of W. A. Larimore, who lives on E. Wilbarger street. Mr. Larimore points out that those in that district are now paying forty cents on the \$100 valuation, whereas, if the issue is voted, the rate of thirty-five cents will be county wide. "I can't see why anyone would be against it if they live in my district," says Mr. Larimore. "they'll have the better roads and lower taxes, too."

Called Meeting For Rebekahs.

There will be a called meeting of the Rebekah Lodge Wednesday evening at 7:45 for the purpose of initiating candidates. The session will be conducted in the Odd Fellows Hall, and a team from Electra will be here to put on the work.

STOCK OFFERED FOR SALE TO BUILD NEW BRIDGE OVER RED RIVER AND ENCOURAGE TRAVEL NORTH AND SOUTH

Structure One That Has Been Urged For Several Years—Will Be Constructed Northeast of Odell—Proposition Receives Hearty Commendation of Altus and Vernon Chambers of Commerce—Will Open Trade Territory.

A toll bridge, approximately 4,000 feet long and twelve feet wide, will be constructed over Red river northeast of Odell by Peck and Hickernell, promoters, who are now offering for sale stock in the proposition. The structure will be capitalized for \$75,000, \$5,000 of which will be held as treasurer's stock and used in case of a wash out or emergency of any kind. The remainder of the fund will be devoted to the construction of the bridge.

The bridge will connect Texas trading territory with Oklahoma at Altus, has been enthusiastically endorsed by the chamber of commerce in that city which also agreed to furnish a charter for its construction over the Red river. Vernon's Chamber of Commerce, after careful investigation, has lent its support to the proposition and will back the project locally. Following is the endorsement of the commercial body.

Local Body Endorses

The Chamber of Commerce of Vernon, Texas, does hereby certify that it has carefully examined into the proposed bridge across Red river, the same to be located at the point northeast of Odell, just east of the railroad bridge over said river, the construction of which is to be made by Messrs. Peck and Hickernell, of Vernon, Texas.

We feel that its construction will be of material benefit to all citizens of Wilbarger County; that the plan proposed by Messrs. Peck and Hickernell is fair and equitable to all parties, and believe that said Messrs. Peck and Hickernell will faithfully carry out their contract for construction.

Messrs. Peck and Hickernell will furnish a bond in the sum of \$25,000 to guarantee to all subscribers of the stock for the repayment to them of 85 per cent of all stock sales in case the said bridge is not erected.

Can Buy Stock Now

Stock can be bought immediately in the proposed bridge, and residents of Vernon, Odell, Altus, Okla., and Elmer, Okla., are expected to become ready investors. Subscriptions, however, will be welcomed from the entire territory nearby.

The bridge when constructed will fill a pressing need felt for many years. The same proposition has been agitated at length at various times, but thus far no definite action has taken place. The structure is expected to link up nearby towns with the great bulk of travel going north and south, and in the opinion of A. P. Peck, one of the promoters, it will only be a short while before traffic in these directions over-rides that going east and west over the far famed Colorado-to-Gulf highway.

Connects North and South

An excellent highway is said to connect Kansas City, Mo., and neighboring points with Oklahoma City, and at present it is necessary for tourists over this route to cross the Red river between Childress and Wellington. A bridge over the stream at Altus will obviate this detour, and encourage direct travel through Vernon to Seymour and thence to points south.

Residents of Baylor county have thus far negotiated to bring to Seymour a highway connecting that city with San Antonio and points in southern Texas, but the project has received little encouragement due to the fact that tourists cannot continue in a northerly line after reaching the Red river. It is asserted further, that the Oklahoma State Highway has been designated as far as Elmer, and a bridge is expected to open up an immense amount of travel from Missouri, Kansas, and Oklahoma territory straight to the Gulf.

Will Encourage Trade.

At present communication by conveyance between Altus and surrounding points and Vernon is particularly arduous as it is necessary in most cases to make a wide detour to reach either destination. The Red river provides a treacherous crossing, and as a result there has been a minimum of co-operation and inter-relationship between these towns. It is expected that a new

bridge will open up a considerable trade territory for all neighboring communities.

The promoters of the project, A. P. Peck and J. C. Hickernell, expect to sell the entire stock within thirty days. The new bridge will have floors and stringers of long leaf yellow pine, ninety per cent heart, and piling of the same material. The latter will be driven through the sand to the hard pan. The structure will also be provided with a hand rail and two turnouts.

STOKES TENDERED FIRST ASSISTANT ATT'Y-GENERAL

Local Attorney Offered One Of Choicest Offices Governor Can Fill—Has Gone To Austin To Confer With Neff—Represents State In Criminal Court Of Appeals.

W. N. Stokes, law partner in the firm of Berry, Stokes, and Killough has gone to Austin where he will confer with Governor Neff on accepting the place of first assistant attorney general of Texas, tendered him last week by the chief executive. Mr. Stokes has not determined whether or not he will assume the duties of the important office which will necessitate his removal to Austin and require his complete attention.

First assistant to the attorney general is considered one of the best offices the governor has to offer, and it comes to the local attorney entirely without solicitation. The entire work of the place is in the Criminal Court of Appeals, where the assistant has exclusive jurisdiction. He reviews the evidence which is submitted, and represents the State in all cases brought into court.

With Present Firm 12 Years.

Mr. Stokes is one of the most prominent lawyers in Vernon, and is well-known all over this section of the State. He has lived in Vernon nearly twenty years, and is a native of Mississippi. Mr. Stokes has been associated with the law firm of Berry, Stokes and Killough for twelve years.

The major part of the local attorney's law practice has been with the firm of which he is now a member. He has also served two separate terms as county attorney, and has been city attorney as well.

His parents reside in Texarkana where his father is a Baptist minister.

FAMILY AFFAIRS ARE THE CAUSE OF SHOOTING.

J. J. Davenport of this city was shot in the left arm and neck yesterday about ten o'clock by J. T. Martin after the two had engaged in an altercation over family affairs. The shooting took place at the first house north of the ice house, and the wound was inflicted with shot issuing from a double barreled shot gun.

Davenport was not seriously injured, and is able to be out. Martin was arrested following the shooting and is under \$1,500 bond on a charge of assault with intent of murder.

The grand jury has not acted as yet in the case.

To Hold Rally.

A missionary rally will be held at the Central Christian Church tomorrow afternoon at 5:30 o'clock at which time Dr. Royal Dye, medical missionary from Africa, will be present. Supper will be served and a night service will follow. At the latter Dr. Dye will give a lecture illustrated with photographic slides made from pictures which he took while on the Congo. All are invited to both meetings.

GO TO THEATRE

(At More's Theatre)

Today "Too Wise Wives."
The play tells the story of a wife who
risked her husband's faith in her in
order to win back an old sweetheart
who had happily married. Two kinds
of wives are contrasted: The one who
does everything she knows will please
her husband, and the one who does the
things she thinks should please him.
One fails where the other succeeds,
and the one who fails is the faithless
wife.

Wednesday, Carmel Myers in
"Cheated Love."

Sonya was a Russian maiden who
had come to this country unwillingly
because she had been forced to leave
behind the Mischka, to whom she had
given her love. She became a cog in
the great wheels of American industry
and David, the settler worker, be-
came interested in her, and later more
than just interested, when Mischka
finally came to this country, with the
help of Sonya's hard earned savings,
he found a rival, and one with whom
he did not compare favorably in the
eyes of his sweetheart. When the
time came for her to decide between
them she found it impossible to forego
the unselfish love of David for the
selfish love of her countryman.

Thursday, Viola Dana in "Home
Stuff."

The star has the role of Gladys Joy,
a clean road shoe girl who comes to
"the end of her row" in a little coun-
try village. Chance purs in her way
both the refuge of a cozy farm and the
love of a farmer boy. Then fate enters,
and brings back an old acquaintance o-
hers, Susane Deep, a stage strict girl
who has fled from the very home in
which Joy was adopted. Many complica-
tions and thrills ensue.

At The Pictorium

Today, Constance Talmadge in "A
Temperamental Wife."

Wednesday, Eugene O'Brien in "The
Last Door."

"The picture tells the story of the
"Mugger," a notorious thief whom the
police have constantly pursued but
never caught. He is a thorough gentle
man, famous for his chivalry and op-
erates entirely for the sake of adventure.
He continues his perilous practice
until suddenly the gravity of his of-
fenses is thrust upon him by the girl he
loves, and he realizes he cannot be
permanently happy with her until he
ceases to be an enemy of the law.

Thursday, Wanda Hawley in "The
House That Jazz Built."

All was not going well in the Rodham
household. It begins to be evident
when the first keenoise found its way in.
And when the young Mrs. Rodham
began lying about until noon, and the
living room began to look like a cabaret,
there was no longer any doubt of it.
Jazz had Cora in its clutches and when
Jazz enters by the door love flies out
at the window, this young couple dis-
covered. You may be sure at a hearty
laugh over the doings of these newly
weds.

Your picture will look much better
framed in one of our bargain frames
at half price. Kramer Studio. 2tc

Huddleston, and Miss Vera Huddleston
left Monday for Abilene to enter Abilene
Christian College.

DRESSER IS MENTIONED
AS ENVOY TO GERMANY

Loring Dresser, American Commis-
sioner at Berlin, is the latest to be
mentioned for the post of Ambassador
to Germany when diplomatic relations
between the two countries are resum-
ed. During the difficult period when
it was thought necessary to look after
American interests in the German cap-
ital, at a time when America was
neither at peace nor war with that
country, Mr. Dresser worked hard for
America's interests.

THIS GIRL WILL "SELL"
SELF TO GET EDUCATION

The yearning of this attractive
twenty-year-old Chicago girl for an
education has caused her to offer her-
self "for sale" in marriage for \$3000.
The offer comes as a climax to a fu-
tile struggle to raise money in other
ways. She tried clerking, bookkeeping,
salesmanship and nursing. After care-
ful calculation of the expenses of a
course through college, Miss Peterson
"priced" herself at \$3000. She pro-
fers a tall husband and states she will
marry at once if necessary, but would
rather wait until she had graduated
from college.

WRITES PARENTS OF TERRIBLE WOE IN SAN ANTONIO

Louis Heinemeier In Midst Of Rushing Waters In Stricken City—Rescues Three Women and Six Children From Flood—Barely Escapes From Room Before River Sweeps In.

Those who possessed relatives or friends residing in the vicinity of San Antonio have been especially interested of late in the flood reports coming from that area. Louis Heinemeier, son of Rev. and Mrs. L. Heinemeier, living about thirteen miles southwest of Vernon, has written his parents of his harrowing experiences during the disaster. His father, believing that these would interest Record readers, has submitted the following extracts from his son's letter:

You, no doubt, received my telegram, I sent it because I knew if you would hear about that most disastrous flood that ever came upon San Antonio and vicinity would cause you to worry about me.

Everything Taken By Flood.

"This flood was the most awful thing my eyes have ever witnessed. I had removed from S. Almo to Trenton Avenue, hence lived where the flood raged most ferociously. I have lost all and everything. Had about 200 books and the S. A. river took them along. Every piece of clothing, my two new suits, hats, caps, shirts, collars, shoes, underwear, all those photos so dear to me, letters, kodak album, amunds—I have not been able to save anything.

"About 11:30 p. m. it commenced. I lived about twenty paces from the river. Already for two or three days it had rained heavily. About 9 o'clock there was a cloud burst; only about three miles above us. And then the water—Oh, how awful!—and floating on the surface that nasty oil! The Elliot-Jones Oil Co. tanks overflowed. At twelve the nearby bridge gave away, and very fortunately, this woke me up. The water was already in my room. Altho our house stands four feet higher than the street it was soon surrounded by nineteen feet of water. The water rose so fast that I could just put on my bathing suit and leave the room wherein the water reached a level of ten feet. And then the screams of women and children!

Rescues Others

"Fortunately I could swim, otherwise I would have perished. I saved three women and six children from the flood, and they are all living. Saving one after another I sank under several times but never let me go. Till 4:30 I was in the water; cold, oily. My feet were cut by barb wire and other objects so that I can hardly walk. In the morning I went down to the bank.

Misery In City.

"There is now much misery here. Thousands are without shelter, clothing and food. I have seen many dead. It had not been for the help of the soldiers from the nearby camps the death toll would be far greater. The material damage is estimated at no millions for the business district only. I could keep on writing for hours longer—but, please, do not worry about me; I am alright."

TOO MUCH OF A GOOD THING

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried May's Wonderful Remedy, and am now entirely well. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.

BOATS WITH RESCUERS RUSH TO AID FALLEN ZR-2

Hardly had the ZR-2 hit the water when small boats filled with eager rescuers rushed to the middle of the Humboldt River, where the airship lay. But the best efforts of these willing workers was largely in vain, the culminess of the wreckage holding back the work of rescue.

PART OF COUNTY VISITED BY RAIN

SHOWERS SUNDAY CONFINED MAINLY TO NORTHERN PORTION.

Rain Sunday afternoon and evening proved of material benefit to a portion of the county, and helped to alleviate the drought experienced here during a major part of the summer. Heavy clouds came up from the north about 3 o'clock in the afternoon, and Vernon was drenched with a downpour which lasted about twenty minutes.

In the evening the shower was resumed locally, and continued nearly an hour. Reports from the country indicate that the rain did not cover a large area. Tolbert reported no precipitation whatever. At Fargo there was a good rain which extended about three miles north of that community.

Cotton Picking Continues

Cotton picking was not halted by the showers which were not heavy enough to materially stain any of the crop. The rain was of great benefit to wheat land. According to county agent a great quantity of rain is needed locally to thoroughly saturate the ground.

Hubert Sewell has gone to College Station where he will enter his freshman year in Texas A. and M. College.

PROGRAM ARRANGED FOR B. Y. P. U. MEETING SUNDAY

The regular monthly meeting of the Senior B. Y. P. U. or the Baptist Church will be held Sunday night, September 25, beginning at 6:15 o'clock. The subject of the lesson to be studied is "The B. Y. P. U. and Missions," and Miss Alice Lane will be leader. The following program has been arranged:

Song and prayer, followed by the scripture lesson which will consist in a missionary verse by each member present; Introductory talk by leader; "Missions required by the standard of excellence," May Hansen; "Studying Mission Text Books," Ethel Haney; "Our Plans For Giving," Ernest Hawkins; music, Clarence Teel; "Giving to Special Causes," Mrs. Mattie Evans; "B. Y. P. U. and Missions," Oscar Vaughan, piano solo; Miss Mattie Lane; "How To Make Our Work Effective," Fay Hogsett; poems, Cleo Powers and Clarence Teel; song and benediction.

Former Vernon Pastor Here

Rev. J. P. Riddle of Newcastle, former Vernon pastor, filled the pulpit in the Baptist church here Sunday night. Mr. Riddle was a minister here at the time the local Baptist church was built. The former Vernon pastor will go to Paducah shortly in answer to a call for the church there. He is in Vernon visiting his daughter, Mrs. Fred Newth.

Miss Mildred Coung will leave to night for Dallas where she will be a student in the S. M. U. this year. She will visit two days in Fort Worth on the way there. Miss Eula Morris will join her in Fort Worth tomorrow night and will enter S. M. U. at the same time.

tooth paste to the first 144 adult persons who come into our store.

North Side of Square

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

Camel

KEEP POSTED ON WILBARGER COUNTY NEWS

TO THE FARMERS OF WILBARGER COUNTY

It has been reported to us that some of the Farmers over the county understand we are against the Farm Bureau Association, and as we can not see all the Farmers we take this method of DENYING the above statement.

WE ARE NOT AGAINST the Farm Bureau Association. In fact, we ARE FOR IT if it is a good thing for the farmer. But we have never endorsed the Farm Bureau, nor have we ever condemned it. We have always asked the FARMER to USE HIS OWN JUDGMENT, as we knew nothing of the responsibility of the leaders of this Association, and we did not care to recommend to our customers something that we KNEW NOTHING OF.

WE HOPE IT IS A GOOD THING, but we would not advise the Farmer to turn ALL HE HAS MADE for the past two years into the hands of people we knew nothing of, and nothing as to their responsibility. If the Farmer wishes to do this, THAT IS HIS PRIVILEGE. We have no objection, and hope the Farm Bureau will prove to be a profitable organization to the Farmers, as we ALL DEPEND ON THE FARMER, from the President to the Grafter.

IT HAS ALSO BEEN RUMORED that we furnish the street buyer money to buy cotton and get half he makes. THAT IS ABSOLUTELY FALSE. We furnish them money to buy cotton and they pay 10 per cent for the money, just as all banks over the country charge—and THAT'S ALL their profit we receive.

NOW THE ONLY SUGGESTION we have to offer to our customers is for them to sell enough of this 18 cent and 21 cent cotton to get their creditors eased up, and then do what they please with the rest.

WHAT KIND OF ROADS

It is well that we ask ourselves
 what kind of roads Wilbarger county
 will have in case the proposed road
 bond issue should fail. One feature
 of the proposition which many are over-
 looking is that \$50,000 of this money
 is to go to each commissioner's pre-
 dict for the construction of bridges
 and grades.

Some voters may ask why it is ne-
 cessary to have this \$50,000, when work
 has progressed so well during the last
 six or eight months without any bond
 money. In that question lies the
 answer to the former.

Work on the roads was imperative
 if they were to be at all possible in
 many quarters. For that reason the
 county court found it necessary to use
 road money ahead, and if we are not
 incorrectly informed—all work on the
 roads of the county must stop for an
 indefinite period unless this bond
 money becomes available. And that
 term "indefinite period" means well
 into next year.

BETTER THAN 1914

Few of us would willingly go back
 to 1914. Yet it is sometimes hearten-
 ing when we are told by the Secretary
 of Commerce and Labor that there are
 fewer men idle than in that year. The
 statement means more, too, when we
 understand that during the war not
 only were all the men available rushed
 into industry, but thousands of women
 were likewise employed.

Then with the end of the war and
 demobilization of the armed forces, is
 it any wonder that there is a regret-
 ably large army of unemployed? It is
 a good sign, however, that fewer men
 are without work now than was the
 case sixty days ago. And with the be-
 ginning of many public works it may
 reasonably be expected that the num-
 ber will continue to grow smaller.

Fortunately, there are few men in
 Wilbarger county or Vernon who do
 not have work to do.

A WELL-EARNED HONOR

The offer of Governor Neff to ap-
 point W. N. Stokes assistant attorney
 general is a recognition of merit which
 could not be given a more worthy law-
 yer or more public spirited citizen.
 Mr. Stokes is one of the pioneers of
 Vernon, having cast his lot with the
 community when the town was much
 more insignificant than now.

Be it said to the honor of the man
 that he has never shirked a call of
 his fellows, working just as hard for
 the general public in civic matters as
 for his clients in the law. To lose Mr.
 Stokes would be very unfortunate for
 the community. His appointment as
 assistant attorney general would be a
 distinct gain to the state's legal depart-
 ment.

Six Children's golfers were guests of
 Hill Crest players Sunday on the local
 course, and played during the after-
 noon.

Open Column.

For a number of years I have been a
 close observer of the growth and de-
 velopment of Texas and Texas towns.
 For that time I have learned that the
 citizens of every town and county have
 to have a liberal spirit of civic pride
 and cooperation to make good. I
 knew Fort Worth and Dallas when
 they were small towns. The spirit of
 civic pride and cooperation has made
 them what they are. Dallas has the
 spirit more than Fort Worth and has
 outgrown Fort Worth. The lack of
 that spirit in Sherman is what made
 Denison.

Amarillo has that spirit and is mak-
 ing a city in spite of the disadvan-
 tages of a high altitude and extreme cli-
 matic conditions. When I moved to this
 town it was a better town in a better
 county than Wichita Falls. For the
 want of that spirit in this town Wich-
 ita Falls has outgrown us and made a
 city. I could name a number of other
 towns in Texas that have failed to
 make good for the want of that spirit.
 If we had had that spirit we could have
 had the Orient railroad. It was offer-
 ed to us on liberal terms, the people
 here rejected every proposition they
 made to us, and as a result, after cross-
 ing Red river, it went nearly due west
 for six miles to keep from coming
 through Vernon. It would have been
 of inestimable value to the town. We
 could have a number of other en-
 terprises if we had gone after them.

We need good roads and should vote
 a large bond issue to build them. It
 would be a great step forward in the
 way of progress. The government pro-
 poses certain conditions to put up one
 dollar for every dollar that the county
 puts up to build roads. Suppose we
 vote the bond issue, I think it should
 be one million dollars. The money for
 which the bonds are sold, as well as
 what the government puts up will be
 spent in the county. The building of
 the roads will give employment to the
 unemployed laborers who will put the
 money in circulation. The saving to
 the farmer in hauling his produce to
 market and the increase in the value
 of land in county in one year would
 be more than the amount of the bond
 issue.

This county needs a good county
 hospital and should vote a bond issue
 for a good one. True, at this time
 there are private hospitals here but
 they will not answer the demands that
 a county hospital would. Wichita
 county first voted a bond issue of fifty
 thousand dollars for a county hospital.
 Last year they voted another bond is-
 sue for one hundred and fifty thousand
 dollars to build an addition to the one
 they already had. They have it full at
 the time. If we vote a one hundred
 thousand dollar bond issue to build a
 county hospital it would be spent

The Story of
Our StatesBy JONATHAN BRACE
IX.—NEW HAMPSHIRE

TO NEW
 HAMPSHIRE falls
 the honor of
 casting the
 vote which
 definitely
 formed the
 United States. The Constitution
 was to formally take effect when
 nine states had ratified it and on
 June 11, 1788, New Hampshire
 rounded out the necessary quota
 of the states. This feat Vir-
 ginia for the deciding vote by
 only four days.

The beginnings of New Hamp-
 shire lead back to Captain Mas-
 on, who had been governor of
 Portsmouth in Hampshire, Eng-
 land. This was the name of the
 colony derived and also that
 of its first city, Portsmouth. As
 a reward for Mason's faithful-
 ness to King Charles he was al-
 lotted a large territory north of
 the Merrimack river. The first
 settlements were started in 1623
 in Rye and Dover. Shortly after,
 a theological dispute arose in
 Boston, led by Mrs. Anne Hutch-
 inson, which resulted in her fol-
 lowers went north and founded
 Exeter, not far from the towns
 of Portsmouth and Dover. Short-
 ly after the town of Hampton
 was settled by Massachusetts
 people. As Captain Mason died
 soon after this, these four towns
 in 1641 joined themselves to
 Massachusetts. In 1679, however,
 King Charles II separated them
 again and formed the royal prov-
 ince of New Hampshire.

The present area of New
 Hampshire is 9,341 square miles.
 From the rugged aspect of its
 White mountains has come the
 name Granite state, by which it
 is often popularly called. The
 population of New Hampshire
 warrants an electoral vote of
 four for president.

\$30,000,000 WAR MEMORIAL FOR KANSAS.

John Ertl working on his model of the \$30,000,000 World War Memorial to be erected in Kansas City. President Harding and General Foch will break ground for this memorial, which will take years to complete.

here. Laborers and mechanics would
 get the benefit of it. "Dallas with all
 her magnificent hospitals, is going to
 issue bonds to build a large city county
 hospital. This is not a move by the
 people in the town for their benefit
 alone. There is a mutual dependence
 between the people of Vernon and the
 people in the county. If we could
 make a city of twenty or thirty thou-
 sand people the whole county would be
 benefited by it. It would give the
 farmer a good market for all the pro-
 duce he could make on the farm. The
 population of the country would in-
 crease and the value of land and every-

thing would go up.

The increase in taxes would be very
 little compared to the benefit to be
 gained. We are not living for our
 selves alone, but as a spirit of altru-
 ism should govern our lives in every-
 thing.

We should all get together and vote
 these bond issues and build good roads
 and build a good hospital and good
 school houses and have an up-to-date
 town and county of which we would all
 be proud.

What Does the Bank Say About You?

Before Opportunity makes her final decision, she "checks up" on you. She wants to know if you are worthy.

What a reputable bank says about you is often the deciding factor. If you're known at a strong bank as a man of good business habits—a man who keeps his checking account in a healthy condition—and his word likewise—such a statement will go far with Opportunity in deciding in your favor.

"Get in strong" with a strong bank. This bank has a service to offer that will help you grow. The advice and counsel of such a bank is a tremendous asset to you. Drop in some time and ask about it. No red-tape.

BELIEVES BOND ISSUE CAN WAIT

J. P. KING SEES BETTER SALE
FOR SECURITIES AFTER
FIRST OF YEAR.

"Good roads are all right, but I'm not in favor of a bond issue at this time," is the expression of John P. King, president of the first Guaranty Bank in regard to the \$600,000 expenditure that is being urged for better Wilbarger highways. Mr. King is of the opinion that bonds would not market at par at this time.

If those backing the movement wait until January 1st, he said, the bonds will be worth a good deal more. If put on the market at this time they will not bring their face value.

Easier To Pay Next Year

Another feature stressed by the banker is the fact that taxpayers will be in a better position to meet their obligations next year instead of this one. The present annum has been a lean one, he said, and in the event the issue carries, taxes on the \$600,000 would have to be paid by the first of February.

If the project waits, he said, paying can be completed and the highways put into use before taxpayers will even be called upon to pay for them.

MORTUARY

September 18, 1921.

Sunday morning at 6:30 Mrs. Harlet Hayes departed this life one year ago. Dead but yet she lives. Her teaching I can not depart from. Yet she was old and born and reared during the dark period of slavery, but she is more than this world to me. She was the best teacher I ever met. No greater friend this earth could afford. It was she who first made sacrifice that I might live, with all that she has done for me. She taught me of Jesus and his word and led me to His feet. And today I am walking in her way. From the teaching she gave me the plan of salvation and I am so fixed that I cannot fall or stray. But, oh how bitter was that hour when I had to part with her, my all and all, the life of all my joy, the corner of my heart. If I could climb to yonder's height and push Heaven's gates ajar, and view God's plans and ways, then mystery of this world would only be a wave. Then I could clearly see why tea: It was best that my mother was taken from me. Gone but yet she lives, how charming in my eyes the spot which she lies, but there is no greater hope than this my soul does cherish. Let her be the sweet bye and bye, where joy has no end and loved ones forever sing "Glory be to the new-born King." Where all is bright and fair in the palace of the King, I'll grasp my mother's hand.

T. C. U. FOOTBALL SQUAD VISITS HERE

MEN TAKE WORKOUT ON GOLF
COURSE AND LATER
ATTEND DANCE.

Vernon was visited Saturday by Coach Lloyd Driver and eighteen of his football squad from Texas Christian University. The players and their mentor were on their way to Amarillo where they will meet Northwest Texas State Normal in a game next Saturday.

Coach Driver and his men were met at the depot Saturday afternoon by local cars, and were escorted immediately to Hill Crest Country Club. The squad was put through a brisk practice on the golf course, and showed good early season form. There was forward passing, and signal practice, but extremely hot weather and the hard ground prevented scrimmage.

Have Speedy Team.

T. C. U. will probably make up in speed what it lacks in weight this year. The line is noticeably heavy with the backfield comparatively light but the men are fast on their feet and handle the ball fairly well. The squad has finished two weeks of practice and next week will enter school.

After practice Saturday the men were given a dinner at Hill Crest. The club dance was given later in the evening, and many of the visiting players remained for the occasion. The squad left early Sunday morning for Amarillo.

has lost none of its popularity since the spring season, but instead is presented in a greater variety of colors and shades. A frock made of this material will give you the assurance of being well dressed—Don't fail to consider it in making selections.

STRIPES AND CHECKS

are desired materials just now for separate skirts and jumper dresses. The skirt goods are of fancy striped patterns. Bright red flannel is also among our jumper dress materials, all of which come in 56-inch widths.

SERGE, TRICOTINE AND POIRET TWILL

For the street dress and the tailored costume have their place of prominence in the new fall materials. These weaves come in a variety of grades and colors and make suitable dresses for the junior, the miss or the matron.

SILKS FOR CHILDREN

Come in small checks this year. They may be had in red and white, navy, 1 white, open and white, green and white, brown and white, and black and white. These are dainty materials as are the small misses for whom they will be made up. Black and white checks may also be had in all wool.

GINGHAMS

For early season days and especially for school during the first two months of fall, nothing can be better. Especially attractive is this inexpensive goods now that it is being made in such pretty patterns. We have it for 10, 12 1-2, 20, 25, 35, 50 and up to 69 cents per yard. You will have no trouble in finding pieces to suit both your taste and your pocket book. We have all these dress goods on our shelves at the present time. Come before they are picked over.

CROW SISTERS

W. M. BOWMAN WILL INFORM FARMERS ON BUREAU SELLING

Directors Select Agent To Dis-
pense Information Concerning
Method Of Disposition And
Drawing Money—Wilbarger
Farmers Receive Certificates
Of Membership.

W. M. (Bill) Bowman has been se-
lected by the directors of the local
Farm Bureau to give information in
county farmers concerning the method
of selling their cotton and drawing
money from the Association. His of-
fice has been temporarily placed at
the local warehouse, but may be moved
shortly to the campus.

Mr. Bowman was put in charge of
this work Saturday. He will dispense
this information to all members of the
Farm Bureau.

Farmers Receive Certificates

According to J. R. Caldwell, pres-
ident of the county Farm Bureau, prac-
tically all of the farmers to Wilbarger
who signed contracts received last
week their certificates of membership.
This means that all cotton in the fu-
ture must be turned over to the Farm
Bureau or the contract will be violated.

About 200 bales were delivered to
the Farm Bureau Saturday, and prac-
tically 350 bales are in the warehouse
here. Much is being held in the coun-
ty, also, awaiting the completion of ar-
rangements by the Bureau for market-
ing cotton.

Interest in the Farm Bureau on the
part of Wilbarger farmers is constant-
ly growing. Mr. Caldwell asserted. A
considerable number are joining the
organization from time to time.

District Cotton Moving

T. M. Haney, president of the Fourth
county bureau in a telephone message
to Vernon Saturday, stated that Farm
Bureau cotton in each of the twelve
counties comprising the district of
which he is director, is moving.

The importance of abiding by the
contract signed is emphasized by Mr.
Caldwell. For example he quotes an
instance of an Oklahoma farmer who
chose to sell his cotton outside the
Farm Bureau. He was taken to task
by the Bureau and given his choice of
prosecution or paying the bale back.
He chose the latter method and paid
not merely a fine of five cents on each
pound of cotton, but was obliged to
pay three cents a pound more for the
cotton than he had received for it.
The entire transaction cost him in the
neighborhood of fifty dollars. The
contract drawn with the Farm Bureau
is inviolable, Mr. Caldwell stated.

CHEERFUL WORDS

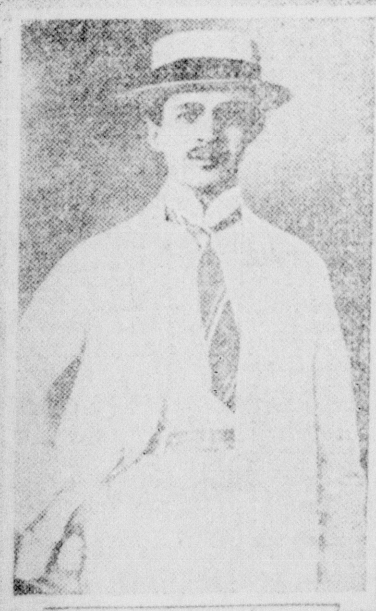

For Many a Vernon Household.

To have the pains and aches of a
bad back removed—to be entirely free
from annoying, dangerous urinary dis-
orders, is enough to make any kidney
sufferer grateful. The following advice
of one who has suffered will prove
helpful to hundreds of Vernon readers.

Mrs. J. T. Saunders, East Texas St.,
Vernon, says: "I know just what
Doan's Kidney Pills are for I have used
them on different occasions when I
was in need of a kidney remedy. When
my kidneys have been a little out of
order or my back has ached from doing
my housework I have taken Doan's
Kidney Pills and they have always
given me splendid results. Another
member of my family has also used
Doan's Kidney Pills and had good re-
sults and praises them highly."

Price 60c, at all dealers. Don't sim-
ply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mrs. Saunders had. Foster-McMillan

tional attention, Klante advertizes
that he will pay 100-per cent each two
months on money deposited with him.
This money is bet on horse races, and
Klante claims to have pocketed thirty
million marks in three months by fol-
lowing his own system in betting.

MRS. HARDING STOPS FRIEND FROM SMOKING.

Mrs. Harding and Mrs. John T. Pratt.

Mrs. Harding restrains Mrs. John T. Pratt from smoking a cigarette when
the cameraman takes their photograph. The photograph was made while Mrs.
Harding and Mrs. Pratt were strolling on the lawns of the Piping Rock, Long
Island, Country Club while the President was playing an eighteen-hole four-
some.

I AM KING COTTON!

I am King Cotton! When I nod my
head and shake my white tresses thou-
sands of men, women, and children
hasten to care for me. I require ten
long hours of unremitting toil, my per-
son must be carefully guarded, and I
must be shielded from the hot rays of
summer and the chilling blasts of win-
ter.

My habitation must be one that is
carefully guarded. I do not thrive in
dampness or dirt. When I wave my
mystic wand my journey commences
from farm to palace. Thousands at my
bidding speed. I sustain life in the
bodies of young and old, rich and poor.

I yield a living to the man in the
field, the girl at the spindle, and the
merchant at his counter. In the
event that I am not carefully guard-

ed at all times I bring misery to all on
these and millions more.

Through my grace the world is
clothed. When I am present there is
cheer and comfort, and when I am
gone there is woe and suffering. I
travel to the farthest corners of the
earth and visit the hovel of the beg-
gar and the mansion of the nobleman.
Both are equally glad to see me. I
find welcome from both the washer
lady and the queen of the realm.

I make and break fortunes. Through
my influence vast sums are gleaned by
individuals who have faith in my power
to sway the world. When con-
fidence in me wanes, misery is made
pendulous.

Each year I hold court in the late
summer and fall. My attendants pray

that fair weather may grace the cere-
monies. I am carried hither and yon
that all may see and enjoy the bless-
ings I bestow. Under the bright moon
at night my servants are busily work-
ing, my messengers rumble their way
to the gins where I am scooped for
market.

I rule the South, nay—I rule the
nation, the entire universe. I am
omnipotent, I am—King Cotton.

Phenomenal Growth Of

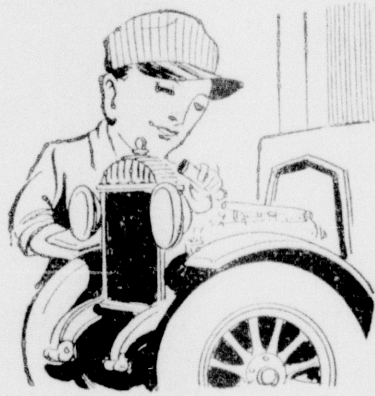

English Language in 100 Years.

Few realize the tremendous growth
of the English language during the
nineteenth century. Based on the
tables of Mulhall and Bartholomew,
of Edinburgh, the following statement
is of meaning:

	1801	1901
French	21,450,000	52,100,000
German	30,320,000	84,200,000
Italian	15,070,000	34,000,000
Spanish	26,190,000	46,500,000
Portuguese	7,480,000	15,000,000
Russian	30,770,000	85,000,000
English	20,520,000	130,300,000

Remembrance In Business

It does a man's heart good to discover that this is a far
better and kinder business world than he had thought
it could be. He fairly radiates warm gratitude and
good will.

Friendliness is a priceless quality in Business, a con-
stant urge which makes sales more quickly and more
surely than any amount of dry logic or argument; it
cannot be neglected; it is too valuable; it must be in-
telligently fostered.

Just the reason our business has grown from year to
year our friends remember.

of Stand and Swing frames at greatly reduced prices.

We have a large and complete line to select from and they will go fast at the
price we have put on them. Some of them at less than cost.

We guarantee this to be a bonifide sale and will last only until stock is sold.

KRAMER STUDIO

BUSINESS STOPS AS SCHOOL OPENS

167 STUDENTS ENROLL AT HARROLD WITH THIRTY-SEVEN IN HIGH SCHOOL.

Business was suspended at Harrold when the school opened Monday. Everybody went to school.

One hundred and sixty-seven students have already been enrolled, thirty-seven of which are in the high school.

Members of the school board, teachers and patrons of the school took part in the opening exercises. Miss Thelma Smith of Vernon, teacher of English, delighted the assembly with her readings. Miss Jessie Dell Haney of Waco, teacher of music and expression, also delighted the audience with her readings and piano selections.

"Conditions are very favorable for a successful year's work," says superintendent R. S. Covey. "The new temporary high school building was completed last Wednesday. This relieves crowded conditions which existed last year."

"Bonds have been voted for a new brick high school building, but they could not be disposed of at a figure satisfactory to the trustees, and a temporary building was erected."

"Application will be made for first class classification and affiliation with the State Department of Education this year. Eight teachers are employed, all of whom live in the new teaching house which was erected the past summer. The building is two stories high with conveniences."

Harrold Parent-Teachers' Organization.
Twenty Harrold women enrolled as charter members of the parent-teacher's association organized in that community Friday afternoon. Mrs. F. D. Little is president; Mrs. R. Sanderson, vice president; and Mrs. R. S. Covey, secretary-treasurer. The women insist that every effort is going to be put forth to make this the best year that the Harrold school has ever had.

Culture Club Calls Meeting.
A call meeting of the Culture Club was held last Friday for the purpose of reorganizing the list of members, outlining the year book and making plans for resuming the work of the organization after the summer recess. The first regular meeting will be held next Tuesday afternoon at the home of Mrs. H. K. Greener.

To Give Bridge Party.
Mr. and Mrs. Joe Parker will entertain with seven tables of bridge at their home this evening.

CAN PLENTY OF CHERRIES FOR PIES NEXT WINTER!

Sweet white and large black cherries are usually canned unpitted, but acid cherries ordinarily are pitted before canning. Unpitted cherries present a more attractive appearance, and many like the flavor the pit gives to the product. The following directions for canning this delicious fruit are given out by the United States Department of Agriculture.

If cherries are to be canned whole plunge them for twenty to thirty seconds in hot water. This prevents splitting. A syrup for sweet cherries may be made of 3 1/2 pounds of sugar to 4 quarts of water. Pack cherries whether pitted or unpitted to within one-half inch of the top in jars which have been boiled fifteen minutes. Fill jar with syrup and put on rubber which has been for fifteen minutes in a solution made from one tablespoon of soda and one quart of boiling water. Remove top from water in which it boiled for fifteen minutes and place on jar. Partially seal jar. (With glass top can, put one ball in place. With screw top jar, screw half way on.)

If stem pressure cooker is used, place jars in cooker and process quart jars twenty-five minutes. When a commercial hot water bath canner or a home-made one is used, place the jars, after partially sealing in the canner on a false bottom. Water should cover the jars. Do not start counting time until the water is boiling. Process quart jars for twenty minutes. When processing is finished, remove jars, complete sealing, test for leaks, and store in a cool, dry place. If the jar leaks, remove rubber and put on new wet one and process fifteen minutes more.

NATIONAL COMMANDER OF MEDAL OF HONOR WEARERS

Patrick Kyle

In the United States there are of all its 100,000,000 population just fifty men who are entitled to wear the Congressional Medal of Honor. The photograph shows Patrick Kyle, of Boston, the national commander of the organization embracing the fifty people who are entitled to wear the coveted honor medal.

JUDGES SEYMOUR LIVESTOCK

County Agent Enthusiastic Over Cooperation And Enthusiasm Displayed At Fair

Guy R. Jones, County agent, assisted last week in judging the livestock exhibits at the Seymour fair. Mr. Jones was enthusiastic over the displays and remarked that they were fully ten times as many cattle as were shown in the Willbarger fair. It required a day and a half to make awards at Seymour whereas the best exhibits required but four or five hours. There was an especially fine showing of Hereford cattle at Seymour.

Riders from all over the section competed in the rodeo held at Seymour. Five thousand dollars in prizes attracted these from over a wide area and the event was truly a feature.

A considerable number of Vernon residents attended the celebration at Seymour.

COTTONSEED BRINGS HIGHEST PRICE OF ENTIRE SEASON

Cottonseed in Vernon is now bringing \$32 at the gins, this price going into effect last Saturday. This is the highest price paid here this season. The cotton market opened this morning at 20 1/2 cents, with some cotton bringing 21. This noon, however, it sank to 19 1/4 which was the figure at closing. Vernon gins to date have ginned 2,655 bales. Ginnings today are the following: Vernon Gin 40 bales, Farmers 60, bales, Peoples, 50 bales, and Planters 54 bales.

Entertains Monday Club.

Mrs. Joe Parker was hostess to the Monday Bridge Club yesterday afternoon. Club members present were Mrs. Howard Timberlake, Mrs. Everett Haney, Mrs. Dee Norwood, Mrs. Harry Colley, Miss Johnnie Mallow, Miss Robbie Standifer, and Miss Donalita Standifer. Mrs. C. M. Caraway was the only extra guest. Mrs. Colley won the club prize for high score and Mrs. Caraway was given a guest favor. A plate lunch was served.

ASK CONFEDERATES TO ATTEND REUNION

COMMANDER OF TEXAS BRIGADE ISSUES APPEAL TO ALL VETERANS

A call for all Confederate organizations has been issued by the commander of the 13th Texas Brigade to gather at the reunion which will be conducted next month in Chattanooga. An effort will be made to place Texas supreme in the ranking, and all veterans or their relatives are urged to participate. Following is the appeal issued by Guinn Williams, commander of the 13th Texas Brigade.

The Confederate Veterans, The United Daughters of the Confederacy and the Sons of Confederate Veterans "The Reunion meets at Chattanooga the last week in October. We have now a short time in which to organize, nevertheless, we are going to try and make this, the Thirteenth Brigade, the banner brigade in the entire organization of the Sons of the Confederate Veterans."

Want Banner Brigade.

"The Hon. Edgar Sears, of Wichita Falls, Trans-Mississippi Department, Commander of the Sons of Confederate Veterans, and the Hon. Lon A. Smith of Austin, Commander of the Texas Division and I, as Commander of the Thirteenth Texas District of the Sons of Confederate Veterans are very anxious to make this the Thirteenth Texas Brigade, the banner brigade in the entire organization."

"I am anxious to assist in any way I can to help organize chapters of the U. D. C. and camps of the S. C. V. in all places in the District and ask that you write me, a Confederate Veteran, the daughter or grand daughter of a Confederate veteran or the son or grandson of a Confederate veteran and

GAME WITH WICHITA FALLS NOT DEFINITELY ASSURED

Coach J. A. Morrow of Vernon high school is not certain that the football game scheduled for Saturday with Wichita Falls will be played. The city aggregation intimated a day or two ago that they would play Vernon later in the season, if possible, and Mr. Morrow does not deem this sufficient assurance. The game Saturday will not be played unless Wichita Falls agree to come here at a later date.

Definite arrangements have been made for a game with Quinhua her October 22.

WHO IS NOW AFRAID OF

COFFEE

People once were afraid of the steam engine. "It will blow up"—"It will jump the track"—they said. But we all know better now.

Time has disproved many old fallacies. Yet, some good people still believe that coffee doesn't "agree" with them,—a popular delusion encouraged by competitive products.

There are many food fads. Some think they can't eat bread,—some think they can't eat potatoes. There is probably no food that can be said to agree with everybody.

In reality—coffee is more healthful for more people than any other beverage. It is consumed in greater quantity.
